

## **Curriculum Committee Subcommittee on Assessment of Students**

This standing subcommittee of the Curriculum Committee is charged with overseeing all aspects of evaluation of student performance across the four years of the HMS curriculum, including the following areas, and reporting annually to the HMS Curriculum Committee.

- performance in tutorials, on course exams and in courses overall; in core clerkships; in clinical and non-clinical electives;
- performance on OSCE exams, including the Patient-Doctor II OSCE and the 4th-year Comprehensive Exam;
- definition of grading criteria;
- programs for faculty that develop and enhance evaluation skills, including oral and written feedback (formative feedback) and summative evaluations, development of valid evaluation tools (e.g., exams), in collaboration with the Center for Teaching and Learning;
- longitudinal, developmental evaluation and monitoring of students over the four+ years of the curriculum;
- evaluation of the tools we use to evaluate students, e.g., exams in Years I and II.
