

MEN'S BASKETBALL

2013-14 AND 2014-15 RULES

Sportsmanship is a core value of the NCAA. The NCAA Committee on Sportsmanship and Ethical Conduct has identified ***respect*** and ***integrity*** as two critical elements of sportsmanship and launched an awareness and action campaign at the NCAA Convention in January 2009.

Athletics administrators may download materials and view best practices at the website below: **www.NCAA.org**, then click on **“Student-Athlete Programs,”** then **“Sportsmanship”** and select the **“Resources/Best Practices”** tab.

IF YOU THINK YOU OR YOUR TEAMMATE HAS HAD A
CONCUSSION

DON'T HIDE IT. • REPORT IT. • TAKE TIME TO RECOVER.

IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON.

WHEN IN DOUBT, GET CHECKED OUT.

2014 & 2015 NCAA MEN'S BASKETBALL RULES

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Changes for 2014 and 2015

Each changed or altered segment is identified in the rules text by a blue shaded background.

Backboard Signage. (Rule 1-13.5). Neon, electric, LED or artificially lit signage shall be permitted on the horizontal stanchion booms; however, it shall not be permitted on the vertical backboard stanchion arms. The permitted signage must conform to the restrictions in 1-13.5.

Court Finish. (Rule 1-17.6). The playing court must be completely finished in a manner that is similar throughout, including the 3-foot area outside each sideline and 6-foot area outside each end line. It is the responsibility of the host game management to ensure that the court is of a consistent finish, including any logos or decals that are legally allowed on the floor.

Uniforms- No advertising. (Rule 1-22.7.a.2). Commercial advertising is not permitted on uniforms.

Uniforms- Names. (Rule 1-22.7.f). Other names intended to celebrate or memorialize persons, events, or other worthy causes are permitted only in the back neutral zone.

Uniforms- Full length tights. (Rule 1-23.2). Undergarments may extend below the game pants and shall be of the same color as that of the game pants, black, white or beige. The same color must be worn by teammates.

Uniforms- Arm/knee/lower leg sleeves. (Rule 1-26.9). The use of an arm sleeve, knee sleeve or lower leg sleeve is permissible without medical verification. These sleeves must be of a solid color. The arm sleeve may be black, white, beige or any color contained in the jersey and the same color must be worn by teammates.

The sleeves on the leg (knee or lower leg) may be black, white, beige or the color of the game shorts and the same color must be worn by teammates.

Official's Uniform. (Rule 2-1.2). The officials' uniform shall be a black and white striped shirt that may have a 3-inch-wide black insert, and black pants. No variation in the color or style of this uniform is permitted. A national flag is permitted on the sleeve. Patches are not permitted with the exception of the NCAA patch to be worn during the NCAA tournament. One manufacturer's logo is permitted but must not exceed 2 1/4 square inches.

Officials' Jurisdiction. (Rule 2-4.1 and .2). The officials shall have the power to make decisions for infractions of the rules committed either within or outside the boundary lines from 20 minutes before the scheduled starting time of the game through the referee's approval of the final score.

At least one official shall arrive on the floor 20 minutes before the start of the game.

Official's Duties- 10-second back court count. (Rule 2-7.9). There will be no visible count on a 10-second back court violation unless there is no shot clock available. Officials will use the shot clock to count for a 10-second back court violation, except when the shot clock has been turned off at the end of each period.

Duties of Scorer- Game with instant replay (Rule 2-9.17). The scorer will record the time on the game clock when the official signals that an instant replay review for a correctable error of counting a two- or three- point goal is required.

Duties of Shot Clock Operator- Shot clock reset. (Rule 2-11.6.b.3). The shot clock operator will stop the timing device and reset it after a double personal foul when only one of the fouls is a flagrant foul.

Substitutes- Free Throws. (Rule 3-6.2.c). On free throws for technical or flagrant fouls, all substitutes are permitted to enter before the first attempt or after the final attempt unless otherwise required by rule.

Personal foul- Flagrant 1. (Rule 4-15.2.c.1). It is a flagrant 1 personal foul to cause excessive contact with an opponent.

Establishing Legal Guarding Position - (Rule 4-17.4.d). When the opponent with the ball is airborne, the guard shall have attained legal guarding position before the opponent begins his upward motion with his hand/arms to shoot or pass.

Dead ball. (Rule 6-6.3). A try in flight shall not become dead when a shooter's teammate excessively swings his elbows without making contact.

Violations- 10-second back court. (Rule 9-10). The 10-second count shall begin when a player legally touches the ball in that team's back court except on a rebound or jump ball. In such case, the 10-second count shall start on player control.

Violations- Basket Interference. (Rule 9-17.2.5). Basket interference occurs when a player causes the basket or backboard to vibrate when the ball is on or within the basket or the backboard and/or is on or in the cylinder.

Violations- Goaltending. (Rule 9-17.5). When the ball contacts the backboard and any part of the ball is above the rim on a field goal attempt, it is considered to be on its downward flight. In such case, it is goaltending when the ball is touched by a player as long as it has a possibility of entering the basket.

Personal foul- elbow. (Rule 10-1.14.c). Illegal contact caused by the swinging of the elbow(s) that occurs above or below the shoulders of an opponent is a common, flagrant 1 or flagrant 2 personal foul. Such contact no longer requires a minimum of a flagrant 1 personal foul when it occurs above the shoulders of an opponent.

Class A unsporting technical foul. (Rule 10-3.1.j). It is a flagrant 2 foul for a player or substitute to disrespectfully contact an official.

Class A unsporting technical foul. (Rule 10-3.2.h). It is a flagrant 2 foul for bench personnel to disrespectfully contact an official.

Class A unsporting technical foul. (Rule 10-3.2.i). It is a flagrant 2 foul for bench personnel to cause contact that is unnecessary, unacceptable, excessive or extreme during a live or dead ball.

Monitor Review- Indisputable Evidence. (Rule 11-1.1). In order for an official to change or reverse a call made on the floor, the official must first find that the monitor review reveals by indisputable evidence that the call on the floor was incorrect.

Monitor Review- Correctable error. (Rule 11-2.1.b.1). Prior to the expiration of the statute of limitations prescribed by Rule 2-12.3, the officials must recognize a potential correctable error and signal to the scorer that an instant replay review is required. This review shall take place at the next electronic-media timeout except during the last 4 minutes of the second period or the entire overtime period(s) during which time the correctable error time frame in Rule 2-12.3 must be used.

Monitor Review- Timing mistake. (Rules 11-2.1.c.1.c). On an out of bounds violation, the official shall determine the elapsed time before the game clock stopped from the time the ball actually hit out of bounds.

Monitor Review- Fouls. (Rules 11-2.1.d.1 and .2) When a foul has been called on the floor, a monitor review is permitted to determine if a flagrant 2 personal or flagrant 2 contact technical foul occurred. When it is determined that no such foul occurred but that a flagrant 1, common or contact dead ball technical did occur, that foul shall be penalized accordingly. When the review discloses, by indisputable evidence, that there was no foul committed, the foul call shall be reversed with no foul charged. In situations where officials fail to make a call on the floor, officials are permitted to review for a flagrant 2 personal or flagrant 2 contact technical foul, and when no such foul(s) occurred, a flagrant 1 personal may be charged or no foul charged, but common foul may not be charged.

Monitor Review- Player to be charged with foul. (Rule 11-2.1.d.5). After a foul has been called, officials may use the monitor to determine on whom a foul is to be charged when there is uncertainty.

Monitor Review- Shot clock violation. (Rule 11-2.1.e.1). In the last two minutes of the second period and overtime(s), officials may use the monitor to determine whether a shot clock violation occurred.

Monitor Review- Out of bounds violation. (Rule 11-2.1.e.2). In the last two minutes of the second period and overtime(s), officials may use the monitor to determine which team caused the ball to go out of bounds when there is a deflection involving two or more players.

Major Officiating Concerns

The rules committee has identified the following as major concerns that need to be addressed because of their increased incidence of occurrence:

Handchecking

The rules committee is concerned that various types of handchecking on a player with the ball drastically reduces the dribbler's ability to beat his man to create scoring opportunities. Accordingly, certain guidelines for officiating these plays have been inserted into Rule 10 and officials are instructed to call the fouls as written in the rules.

Freedom of Movement

The rules committee continues to express concern that the rules relating to a player's ability to move with or without the ball are being neglected by officials resulting in more physical play and less opportunity for scoring. Officials need to refocus their energies on penalizing illegal contact by the defense which prevents players from cutting freely, running their offense and otherwise creating a more free-flowing game.

Block/Charge Plays

After reviewing tapes of numerous block/charge plays, the committee is concerned about the number of incorrect calls made, especially on plays involving 1.) a defensive player moving forward toward the dribbler in an attempt to establish initial legal guarding position outside the restricted area, and 2.) the defender not establishing initial legal guarding position on plays involving airborne shooters/passers. The committee asked that an educational process be undertaken to improve the officiating calls on these plays.

Preface

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

The NCAA Men's Basketball Rules have been designated as either administrative rules or conduct rules. Typically, administrative rules are those dealing with preparation for the contest. The conduct rules are those that deal directly with the playing of the contest. Some administrative rules (as indicated) may be altered by mutual consent of the competing institutions. Others (as indicated) are unalterable. No conduct rule may be changed by mutual consent. All NCAA member institutions are required to conduct their intercollegiate contests according to these rules.

In the Men's Basketball Rules, the administrative rules that may be altered by mutual consent of the competing institutions are **Rule 1, Sections 2, 3 and 20**. The administrative rules that may not be altered are **Rule 1, Sections 4 through 7, 15, 16 and 18; Rule 2, Section 1**; and the free-throw lane diagram. All of the other rules are conduct rules and may not be altered.

The rules are divided into articles for ease of reference. Equipment/apparel rules that are of concern primarily to manufacturers are contained in the rules supplements that follow this section. All court measurements are included on the expanded court diagram.

Those desiring interpretations of rules or play situations are asked to send questions via email.

Rules Supplements

Court and Equipment

1. **Playing Area.** When possible, building plans should provide for a playing court with ideal measurements as stated in Rule 1-2 and listed on the court diagram, ample out-of-bounds area and needed seating space for scorers, timers and fans. A long playing court permits use of two crosswise courts for practice and informal games.

It is recommended that padding that meets current ASTM standards be used on walls and other facility features in or around the playing area that a student-athlete might contact during play. Padding should be installed no more than 4 inches from the floor up to 6 feet.

2. **Ceiling.** The ceiling and anything hanging from it (other than the basket) should be at least 25 feet above the playing court and higher if possible.
3. **Boundaries.** The committee recommends that a belt 8 inches or more in width be used to mark the boundaries on all courts that have at least 10 feet of open space between the boundary lines and the seating. This plan is urged for all new construction and for other similar courts when the boundaries are re-marked.
4. **Lighting.** The court should be uniformly and adequately lighted. Lighting engineers should be placed in charge of this important factor when planning any new installations. For information on recommended specifications for lighting, contact the Illuminating Engineering Society of North America, 120 Wall Street, 17th Floor, New York, New York 10005; telephone 212/248-5000.
5. **Warning on misuse of portable backstops.** Manufacturers and administrators should be aware of an “extreme-caution” warning relative to the misuse of portable backstops. A high degree of injury potential and a severe liability problem exists when anyone is allowed to hang, sit or stand on the basket ring or backboard. Administrators must see that this practice is prohibited or that the portable units are lowered at the completion of the game because of the high risk of severe injury, even death. A recommended warning or inscription such as “Danger—please do not get on the rim/backboard” is desirable.
6. **Locking Backboard.** It is recommended that a locking device/safety arrester be used for ceiling and wall-mount backboard systems that are retracted by motor-pulley cable arrangements.
7. **Backboard Padding.** It is recommended that the required padding for the backboard be mounted on the backboard by adhesive or material such as Velcro or channel. The bottom and each side of the backboards shall be padded with a Poly High-Car vinyl-type material that meets the Bashor resilience test with a range of 20-30.

A lavalier-type microphone properly positioned in the crease of the backboard padding or between padding and backboard is permitted since

it is not located on the padding and does not interfere with a live ball or create a safety hazard.

8. **Ring.** The design of the ring and its construction should be such as to maximize player safety. A movable basket ring shall have rebound characteristics identical to those of a nonmovable ring. The pressure-release mechanism should maximize these characteristics, as well as protect both the ring and backboard. Movable rings are required.

9. **Ring Testing.** It is *required* for Division I and *recommended* for Divisions II and III that all competitive rings for men be tested for rebound/elasticity once before the season and once before the postseason. It is recommended further *in all divisions* that basket ring loads be transferred to the support system by a single strut boom behind the backboard, or to the backboard frame. The pressure-release/elasticity mechanism on movable rings may be field adjustable. When released, the ring shall not rotate more than 30 degrees below the original horizontal position. After release and with the load no longer applied, the ring shall return automatically and instantaneously to its original position.

10. **Marking the Court.** When marking a court, manufacturers should start at the center of the court rather than at either end.

11. **Timing Equipment.** Divisions I, II, and III schools shall have a game clock that shows a 10th-of-a-second display when less than 59.9 seconds remains in a period.

Division I, II, and III schools shall have either a red light placed behind each backboard that is visible through the 24-inch-by-18-inch rectangle or LED lights around the backboard. The purpose of either is to indicate when player activity is terminated. If LED lights are used, they shall be positioned no more than 6 inches from the upper and lower edges of the backboard and no more than 5 inches from the side of each backboard. When both lights are present, the LED lights shall take precedence and the red light shall be disconnected. It is recommended that the game clock, red light or LED lights be updated in their synchronization..

It is recommended that all men's Division I arenas provide a timing mechanism that enables the officials to start and stop the game clock automatically.

A pole attached to the shot clock that is used to mount a camera or a camera attached to the shot clock is permissible when the shot clock is recessed behind the backboard and does not interfere with a live ball nor does it affect the visibility of the shot clock.

Important Information for Manufacturers of New Equipment/Apparel

The NCAA Men's Basketball Rules Committee is responsible for formulating the official playing rules for the sport. The committee is not responsible for testing or approving playing equipment for use in intercollegiate men's basketball.

Equipment manufacturers have undertaken the responsibility for the development of playing equipment that meets the specifications established

from time to time by the committee. The NCAA urges manufacturers to work with the various independent testing agencies to maximize the safety of products. Neither the NCAA nor the NCAA Men's Basketball Rules Committee certify the safety of any basketball equipment. Only equipment that meets the dimensions specified in the NCAA Men's Basketball Rules shall be used in intercollegiate competition. Similarly, only uniforms that meet the rules specifications shall be used.

While the committee does not regulate the development of new equipment and do not set technical or scientific standards for testing equipment or the approval or disapproval of specific playing equipment, the committee may, from time to time, provide manufacturers with informal guidelines as to the equipment-performance levels it considers consistent with the integrity of the game. The committee reserves the right to intercede in order to protect and maintain that integrity.

The NCAA Men's Basketball Rules Committee suggests that manufacturers planning innovative changes in basketball equipment submit the equipment to the NCAA Men's Basketball Rules Committee for review before production.

NCAA Men's Basketball

3-Foot Restricted Area Arc

Baseline

INSTRUCTIONS

1. To place the arc on the floor, mark a spot on the floor directly under the center of the basket.
2. Using a measuring device, create a semicircle that extends three feet from the center of the basket.
3. Measure several points from the center of the basket, including two points along a plane parallel to the backboard.
4. The restricted area arc shall be drawn as a two-inch line with the outer edge of the line measuring three feet from the center of the basket.
5. At the diameter points of the semicircle (the plane parallel to the backboard), the line straightens, similar to the three-point line.
6. The arc's straight lines shall end at the front edge of the backboard.
7. The line must be clear and discernable from the surrounding area. It is recommended that the line be the same color as the lane lines or end lines.

RULE 1

Court and Equipment

Section 1. The Game

Art. 1. Basketball is played by two teams of five players each. The objective is for each team to throw or tap the ball into its own basket and to prevent the other team from scoring.

Art. 2. A team's own basket is the one into which its players try to throw or tap the ball. Each team shall warm up and shoot during the first half at the basket farthest from its bench.

Art. 3. The teams shall change baskets for the second half.

Art. 4. The ball may be thrown, batted, rolled or dribbled in any direction, subject to the restrictions in these rules.

Section 2. The Playing Court—Dimension

Art. 1. The playing court is the area on the floor that lies within the geometrical lines formed by the inside edge of the boundary lines.

Art. 2. The playing court shall be a rectangular surface free from obstructions with sidelines of 94 feet in length and end lines of 50 feet in length, measured from the inside edges.

Art. 3. The court dimensions shall be marked as shown on the court diagram.

Section 3. Lines and Other Markings

Art. 1. The court shall be marked with boundary lines (sidelines and end lines) and other lines and markings as shown on the court diagram. All lines must be clearly discernable and distinguishable.

Art. 2. Instead of the 2-inch boundaries listed on the diagram, it is legal to use contrasting-colored floor areas by painting the out-of-bounds area, the center circle, and the free-throw lanes and lines so that the mathematical line between the two colors is the boundary. Such a contrasting-colored out-of-bounds belt should be at least 8 inches wide.

Art. 3. The restraining line shall be a solid, interrupted or mathematical line formed between two colors. The line may be a color that is either the same or different from that of the end lines. When space is not available for a 6 foot restraining line, the line should be marked using the maximum available distance. Nonplaying personnel shall not be permitted in this area.

Art. 4. A shadow line is a line that designates the required 2-inch width by use of border or outline lines at least 1/4-inch wide, which shall lie within the 2-inch width. All shadow lines must be clearly discernable and distinguishable.

Art. 5. When the floor has a logo on the playing court, that logo should not distract from the players' and the officials' visibility of the division line or center-circle line.

Art. 6. One of the following shall be placed on the floor in front of the official scorers' spot at the scorers' table at division line:

- a. An "X" composed of 12-inch line segments that are 2 inches in width.
- b. An NCAA logo that is a minimum of approximately 8 inches in diameter.
- c. An NCAA Basketball logo that is located in a rectangle that is approximately 1½ feet by 2½ feet.

Section 4. Center Circle

Art. 1. When a logo is placed on the playing court which partially or completely obscures the 2-inch center-circle line as shown on the court diagram, the following shall be permissible:

- a. Solid 2-inch wide interrupted line: 4 inches long, 2-inch break; 4 inches long, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).
- c. Two-inch wide interrupted shadow line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- d. One-quarter-inch, single-bordered line (radius of 6 feet to the outside edge).
- e. Mathematical line formed by contrasting-colored floor areas.

Art. 2. The unmarked spaces for the non-jumpers around the center circle shall be 36 inches deep.

Section 5. Division Line

Art. 1. The division line shall divide the playing court into two equal parts and shall be formed by extending the center-circle diameter in both directions until it intersects the sidelines.

Art. 2. Instead of the solid 2-inch line as shown on the court diagram, the following shall be permissible:

- a. A solid 2-inch wide interrupted line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).
- c. Interrupted 2-inch wide shadow line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.

Section 6. Free-Throw Lane

Art. 1. All lines designating the free-throw lane, except lane-space marks and blocks, are part of the lane.

Art. 2. The color of the lane-space marks and blocks may contrast or be of the same color as the color of the lane boundary lines.

Art. 3. It is highly recommended that the area of the free-throw lane inside the boundary lines be one color. It is permissible for this area to be more than one color as long as all required lines in and around the lane are clearly discernable and distinguishable.

Art. 4. The lane-space marks and blocks shall identify the lane space areas that extend 36 inches from the outer edge of the lane lines toward the sidelines.

Section 7. Three-Point Field-Goal Line

Art. 1. The three-point field goal line shall be a distance of 20 feet, 9 inches, from the center of the basket to the outside edge of the three-point field-goal line.

Art. 2. The three-point field-goal line shall be a single-colored solid 2-inch line. The lines may be the same color as or a different color from the free-throw lane boundary lines and the semicircles. When a 20-foot-9-inch line and a 19-foot-9-inch line both exist, the two lines shall contrast in color and there shall be no form of embellishment or belt between the lines.

Section 8. Restricted Area Arc

The restricted area arc is a solid single-colored 2-inch line formed by a semicircle measured from the center of the basket to the outside edge with a radius of 3-feet and extending in a straight line to the front face of the backboard. This arc must be clearly discernable and distinguishable.

Section 9. Coaching Box

Art. 1. The coaching boxes shall extend from the sideline to the back of the team benches and shall be bounded by the end line and no farther than the 28-foot line as noted in the diagram.

Art. 2. A 3-foot line shall be extended in both directions from the sideline, so that the coaching-box restriction is evident.

Section 10. Backboards—Dimensions, Materials

Art. 1. Each backboard shall be marked as depicted on the backboard diagram.

Art. 2. The size of the backboards may be either of two dimensions:

- a. 6 feet horizontal and 3½ feet vertical; or
- b. 6 feet horizontal and 4 feet vertical.

Note: *The dimensions of 6 feet horizontal and 3½ feet vertical are recommended for replacement backboards or new installations.*

Art. 3. The backboards shall be similar in size at both ends of the playing court.

Art. 4. A transparent, unaltered, rigid, rectangular backboard with a flat surface shall be used.

Art. 5. Backboards shall not be tinted.

Section 11. Backboards—Padding

Art. 1. Padding is required on all backboards as outlined in this rule. The padding shall be a single solid color and shall be the same color on both backboards.

- a. When it becomes necessary to use a substitute backboard, the padding shall be of the same color as that of the backboard being replaced.

Art. 2. The padding shall be 1-inch thick from the front and back surfaces of the backboards.

Art. 3. The padding shall extend 2 inches from the bottom edge of each backboard.

Art. 4. The padding shall cover the bottom surface of each backboard and the side surface to a distance of 15 inches up from the bottom. The front and back surface must be covered to a minimum distance of ¾ inch from the bottom of each backboard.

Section 12. Backboards—Support Systems

Art. 1. Padding—Any backboard support behind a backboard and at a height of less than 9 feet above the floor shall be padded on the bottom surface to a distance of 2 feet from the face of the backboard. All portable backstops shall have the bases padded to a height of 7 feet on the courtside surface.

Art. 2. Protrusions and Clearances

- a. Protrusions below backboards shall not be allowed.
- b. Any backboard support, all of which is not directly behind the backboard, shall be at least 6 inches behind the backboard when the support extends above the top and at least 2 feet behind the backboard when the support extends beyond the side.
- c. Any support system below or behind a backboard shall be at least 8 feet behind the plane of the backboard face and a height of 7 feet or more above the floor.
- d. Any overhead backboard support structure that must be forward-braced because of space limitations, architectural or structural restraints, shall meet the following requirements: A front diagonal brace support system must be located above a line extending upward and into the playing court at a maximum 45-degree angle from a point on a vertical line located a minimum of 6 inches behind the front surface of the backboard at a minimum height of 4 feet 6 inches above the basket ring.

Art. 1. Each backboard shall be positioned midway between each sideline, with the plane of its front face perpendicular to the floor, parallel to and 4 feet from each end line.

Art. 2. The upper edge of each backboard shall be 13 feet above the floor.

Art. 3. Each backboard shall be protected from spectators to a distance of at least 3 feet from the end of each backboard.

Art. 4. Portable backboards shall be secured to the floor to prevent movement.

Art. 5. Neon, electric, LED or artificially lit signage shall be permitted on the horizontal stanchion booms; however, it shall not be permitted on the vertical backboard stanchion arms. The permitted signage must conform to the following:

- a. Signage must be static when the ball is live;
- b. Maximum Physical Area (H x W x D) 14" x 52" x 2";
- c. Maximum Active Display Area (H x W) 12" x 46";

- i. The signage system must be independently operated and cannot be connected to the main scoreboard game clocks and shot clocks in any way.
- j. LED stanchion arm signage may only be changed during timeouts and between periods.

When the signage is improperly positioned or located, the referee shall instruct home contest management to deactivate such signage.

Art. 6. During game conditions, all movement (vibration, etc.) of the backboard (because of any type of dunk or similar play) must regain a static position within four seconds.

Section 14. Baskets—Size, Material

Art. 1. Each basket shall consist of a single metal ring, 18 inches inside diameter, its flange and braces, and a white-cord, 12-mesh net, 15 to 18 inches in length, suspended from beneath the ring.

Art. 2. Each ring shall measure not more than 5/8 inch in diameter, with the possible addition of small-gauge loops on the under-edge or a smaller ring located directly under the required ring for attaching a 12-mesh net. Each ring and its attaching flange and braces shall be bright orange in color.

Art. 3. The cord of each net shall be not less than 120-thread nor more than 144-thread twine, or plastic material of comparable dimensions, and constructed so as to check the ball momentarily as it passes through.

Section 15. Baskets—Ring

Art. 1. Each basket ring shall be securely attached to each backboard/support system with a ring-restraining device. Such a device will ensure that the basket stays attached, even when a glass backboard breaks.

Art. 2. The upper edge of each basket ring shall be 10 feet above and parallel to the floor and shall be equidistant from the vertical edges of that backboard. The nearest point of the inside edge of each ring shall lie 6 inches from the plane of the face of that backboard.

Art. 3. Movable rings are required. Movable rings may flex downward both from the front and the sides.

Art. 4. All competitive rings shall be tested for rebound elasticity once before the season (July 15-Oct. 15) and once before the postseason. The rebound elasticity requirement shall be 35 percent to 50 percent energy absorption and be within a 5 percent differential between baskets on the same court.

***Note:** For Division II and Division III, ring testing is recommended (see supplement number 9).*

Section 16. The Ball

Art. 1. The ball shall be spherical. Spherical shall be defined as a round body whose surface at all points is equidistant from the center except at the approved black rubber ribs (channels and/or seams).

Art. 5. The width of the black rubber rib (channels and/or seams) shall not exceed 1/4 inch.

Art. 6. When dribbled vertically, without rotation, the ball shall return directly to the dribbler's hand.

Art. 7. The air pressure that will give the required reaction shall be stamped on the ball. The ball shall be inflated to an air pressure such that when it is dropped to the playing surface from a height of 6 feet measured to the bottom of the ball, it will rebound to a height, measured to the top of the ball, of not less than 49 inches when it strikes its least resilient spot nor more than 54 inches when it strikes its most resilient spot.

Art. 8. The circumference of the ball shall be within a maximum of 30 inches and a minimum of 29½ inches.

Art. 9. The weight of the ball shall not be less than 20 ounces nor more than 22 ounces.

Art. 10. The home team shall provide a ball that meets the specifications listed in this section. The referee shall judge the legality of the ball and may select a ball for use provided by the visiting team when the home team cannot provide a legal ball.

Note: It is recommended that the home team provide the visiting team with warm-up balls of the same type as the game ball.

Section 17. Logos/Names/Equipment

Art. 1. Logos, names or equipment of any kind (including school and conference logos or names, cameras and microphones) shall not be permitted on the backboards, rings, padding around the backboards, or on the shot clocks. Cameras and microphones are permitted on the shot clocks when they are recessed such that they do not extend beyond the plane of the back edge of the backboard. Art. 2. The manufacturer's name and logo shall be permitted to appear on the ball a maximum of two times.

Art. 3. An institution's name or logo shall be permitted on the ball.

Art. 4. There are no restrictions on NCAA, team or conference logos, names or abbreviations on the playing court, provided they do not obscure any of the required lines. (See Rule 10-2.1)

Art. 5. No more than two commercial logos shall be permitted on the playing court when they conform to the following standards:

- a. The logo(s) shall fit into a box that is 10 feet by 10 feet square;

- b. This box shall be located 8½ feet from the division line and 4½ feet from the sideline;
- c. Logo(s) shall be within the two 10-foot-by-10-foot squares, with no more than one square in each half of the playing court.

Note: See Rules 1-22.7.c and 1-25 for logos and labels on players' uniforms/equipment.

Art. 6. The playing court must be completely finished in a manner that is similar throughout, including the 3-foot area outside each sideline and 6-foot area outside each end line. It is the responsibility of the host game management to ensure the court is of a consistent finish, including any logos or decals that are legally allowed on the floor.

Section 18. Scoreboard, Game-Clock Display

Art. 1. The game clock shall be the official, visible timepiece on which the time remaining in a period shall be displayed.

Art. 2. A visible game clock that shows a 10th-of-a-second display when less than 59.9 seconds remain in a period is required.

Art. 3. An alternate timing device and scoring display shall be available in the event of malfunctions.

***Note:** The first time an official must tell a player to tuck in the game jersey, the official shall issue a warning to the head coach. The next time any player on the same team has the game jersey untucked, that player shall leave the game until the next opportunity to substitute. The official shall enforce this rule at the next dead ball after observing the violation.*

Art. 11. An institutional and/or conference logo meeting the restrictions of Rule 1-25.2 is permitted on the game shorts.

Art. 10. Sound a warning horn 15 seconds before the expiration of an intermission or charged timeout. A second signal shall be given at the expiration of an intermission or a charged timeout. Play shall be resumed immediately upon the sounding of the second signal. (*Exception 4-31.2*)

Art. 14. Indicate with the red light or LED lights the expiration of playing time in each half or extra period. This signal shall terminate player activity. When a red light is not present, the indicator that shall terminate players' activity shall be the sounding of the game-clock horn.

Art. 15. Enter the playing court or use other means to immediately notify the referee when the timers' red light signal or LED lights fail to operate or be seen or when a game-clock horn fails to sound or is inaudible. - c. When the timers disagree about the expiration of time before a successful try for field goal or foul, the goal shall count or the foul shall be penalized unless the referee has knowledge that alters such a ruling.

Section 11. Duties of Shot-Clock Operator

The shot-clock operator shall:

Art. 1. Use a 35-second shot clock.

Art. 2. Use the shot clock for the entire game, including extra periods, except when there is less time remaining on the game clock than on the shot clock, in which case the shot clock shall be turned off.

- b. A team gains initial possession following a jump ball or unsuccessful try for goal; or
- c. There is a change in team control.

Art. 6. Stop the timing device and reset it:

- a. When team control is re-established after the team loses possession of the ball;

Note: The mere touching of the ball by an opponent does not start a new shot-clock period when the same team remains in control of the ball.

- b. When any of the following occur:
 - 1. A single personal foul;
 - 2. A single technical foul assessed to the defensive team;
 - 3. A double personal foul when only one of the fouls is a flagrant foul.
- c. When a held ball occurs (*Exceptions: Rules 2-11.7.e, 2-11.7.i and 2-11.7.j*);
- d. When a try for goal strikes the ring or flange and then possession is gained by either team;
- e. When a violation occurs;
- f. When an intentionally kicked or fisted ball occurs with 14 seconds or less remaining, set to 15 seconds;
- g. When an inadvertent whistle occurs and there was no player or team control at the time of the whistle.

- a. The ball is deflected out of bounds by a defensive player;
- b. When an intentionally kicked or fisted ball occurs with 15 seconds or more remaining;
- c. A player is injured or loses a contact lens;
- d. A charged timeout has concluded;

- e. During team control as defined in Rule 4-9, a defensive player causes a held ball and the alternating-possession arrow favors the offensive team;
- f. After any double personal or technical fouls or simultaneous personal or technical fouls when there is team control as defined in Rule 4-9 unless the penalty for the foul results in a change of possession;
- g. After an inadvertent whistle when there is team control as defined in Rule 4-9;
- h. After any technical foul(s) is assessed to the team in control of the ball, or to the team entitled to the ball before it is at the disposal of the thrower-in, or to bench personnel or followers of that team;
- i. After a simultaneous held ball as described in Rule 6-4.2 occurs during a throw-in or after an unsuccessful try that does not contact the ring or flange and the alternating-possession arrow favors the throw-in team; and
- j. After the ball goes out of bounds and was last touched simultaneously by two opponents, both of whom are either inbounds or out of bounds or when there is doubt as to who last touched the ball.

***Note:** The offensive team, upon regaining possession of the ball for the throw-in, shall have the unexpired time on the shot clock to attempt a try.*

Art. 8. Stop the timing device and set the shot clock to 15 seconds when an intentionally kicked or fisted ball occurs during a throw-in with 14 seconds or less remaining. When an intentionally kicked or fisted ball occurs during a throw-in with 15 seconds or more remaining, the shot clock shall not be reset.

Art. 9. Sound the shot-clock horn at the expiration of the shot-clock period. This shot-clock horn shall not stop play unless recognized by an official's whistle. When the shot clock indicates zeros but the shot-clock horn has not sounded, the shot-clock time has not expired.

Art. 10. Turn off the shot clock when a reset situation occurs and the game clock shows less time than that of a shot-clock period.

Art. 11. Allow the timing device to continue during a loose-ball situation when the offense retains possession or when a field-goal try is attempted at the wrong basket.

Art. 12. Allow the game officials to make the final decision when there is doubt as to whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange.

Section 12. Correctable Errors

Art. 1. The correctable errors are as follows:

- a. Failing to award a merited free throw.
- b. Awarding an unmerited free throw.
- c. Permitting a wrong player to attempt a free throw.
- d. Permitting a player to attempt a free throw at the wrong basket.
- e. Erroneously counting or canceling a score.

***Note:** In order for this to be a correctable error, the official must have erred in counting or canceling a successful try for goal according to a rule (i.e., after basket interference or goaltending, incorrectly counting or*

failing to cancel a score or counting a three-point goal instead of a two-point goal). A correctable error does not involve an error in judgment.

Art. 2. When the officials' error as in Rule 2-12.1.a through .d is made while the game clock is stopped, such errors must be recognized and corrected by an official during the first dead ball after the game clock has been started properly.

Art. 3. When the officials' error as in Rule 2-12.1.e is made while the game clock is running and the ball becomes dead after a successful goal, it must be recognized and corrected by an official before the second live ball. (*Exception: 11-2.1.b.1*)

Art. 4. When the error is a free throw by the wrong player, a free throw attempted at the wrong basket or the awarding of an unmerited free throw, the free throw and the activity during it, other than any flagrant or technical foul, shall be canceled.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 5. When an error is corrected, play shall be resumed from the point of interruption to correct the error, unless the correction involves the failure to award a merited free throw(s) and there has been no change of team possession since the error was made. In that case, play shall resume as after any normal free throw.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 6. An appeal for a correctable error may be made by a head coach, table official (includes an approved standby official) or game official. This appeal must be honored and reviewed by an official.

- k. A player who legally enters the game during a dead ball may leave the game during that same dead-ball period without penalty.
- l. When three or more substitutes for the same team enter the game, an official may honor a request by the captain of the opposing team to aid it in locating the entering players.

However, a timeout may be requested and granted when this player desires to remain in the game. When the condition is remedied within the granted timeout, the player is permitted to remain in the game.
- b. A player with blood on his uniform shall have the uniform evaluated by medical personnel. - e. The opponents shall be permitted to counter with a substitution.
- f. When an injured player is unable to attempt his free throw try(s), the coach from the opposing team shall select one of the four remaining players on the playing court to attempt the free throw try(s). - c. Delaying the game by preventing the ball from being promptly made live or by preventing continuous play, such as but not limited to, followers or bench personnel entering the playing court before player activity has been terminated. When the delay does not interfere with play, it shall be ignored, and play shall be continued or be resumed at the point of interruption (See Rule 10-2.8.d and Rule 10-4.2.h);
- d. Repeatedly delaying the game by preventing the ball from being promptly put into play, such as delaying the administration of a throw-in or free throw by engaging in a team huddle anywhere on the playing court (See Rule 10-2.5.b);
- e. Failure to have the court ready for play after the final horn to end any timeout (See Rule 10-2.5.c);

- f. Attempting to gain an advantage by interfering with the ball after a goal or by failing to immediately pass the ball to the nearest official after a whistle is blown (See Rule 10-4.1.m).

Art. 2. One team warning shall be given for each of the delays in Rule 4-10.1.d through f. Each warning shall be reported to the official scorer. Thereafter, a technical foul shall be assessed for the delay that has previously received a team warning.

Section 11. Disposal of Ball

Art. 1. The ball is at the disposal of a player when it is:

- a. Handed to the thrower-in or free-thrower;
- b. Caught by the thrower-in or the free-thrower after it is bounced to him;
- c. Placed at a spot on the floor; or
- d. Available to a player after a goal and the official begins the throw-in count.

Section 12. Disqualified Player

Art. 1. A disqualified player is one who is barred from further participation in a game after receiving a fifth foul, including personal fouls and CLASS A technical fouls.

Art. 2. A team member who leaves the bench area during a fight shall be disqualified and ejected.

Art. 3. The officials shall notify the coach and then the player of any disqualification.

Art. 4. When the coach is notified by an official that a player is disqualified, that player becomes bench personnel, except when the disqualified individual is ejected.

Art. 5. A disqualified player shall be replaced within a 20-second time limit. A horn shall be sounded both 15 seconds before the expiration of this time limit and at the end of the time limit, with the latter horn indicating that play shall resume immediately.

Section 13. Dribble

Art. 1. A dribble is ball movement caused by a player in control who bats, pushes or taps the ball to the playing court once or several times.

Art. 2. The dribble may be started by pushing, throwing, tapping or batting the ball to the playing court.

Art. 3. During a dribble, the ball may be batted into the air, provided that it is permitted to strike the playing court one or more times before the ball is touched again with either hand.

Art. 4. The dribble ends when:

- a. The dribbler catches or carries/palms the ball by allowing it to come to rest in one or both hands;
- b. The dribbler touches the ball with both hands simultaneously;
- c. An opponent bats the ball; or
- d. The ball becomes dead.

Art. 5. An interrupted dribble occurs when the ball is loose after deflecting off the dribbler or after it momentarily gets away from the dribbler.

Art. 6. During an interrupted dribble, there shall be no player control, and the following cannot occur:

- a. Player-control foul;
- b. Granting of a timeout request; or
- c. Five-second closely guarded dribbling violation.

Section 14. Ejection

Art. 1. Ejection is the act of immediate dismissal of an individual from participation in a game because of a specific infraction of the rules.

- a. In addition to being disqualified, an individual who is ejected shall leave the playing court and floor area and report to his team's locker room until the game is over.

Art. 2. The following shall result in automatic ejection:

- a. Committing a flagrant 2 personal or flagrant 2 technical foul;
- b. Incurring the maximum number or combination of technical fouls;
- c. Participating in a fight;
- d. Leaving the bench area during a fight situation as bench personnel but not participating in the fight; or
- e. Participating after having been disqualified for a reason other than ejection.

Section 15. Foul

Art. 1. A foul is an infraction of the rules that is charged to a squad member or a coach and is penalized in various ways. Following are the types of fouls:

Art. 2. Personal foul. A personal foul shall be a foul committed by a player that involves illegal contact with an opponent while the ball is live.

- a. **Common foul.** A common foul is a personal foul that is neither flagrant nor committed against a player trying for a field goal, nor part of a double, multiple or simultaneous foul.
 1. **Player-control foul.** A player-control foul is a common foul committed by a player when he is in control of the ball.
 2. **Team-control foul.** A team-control foul is a common foul that is committed by a member of a team that has team control.
- b. **Double personal foul.** A double personal foul occurs when two opponents commit personal fouls against each other at approximately the same time.
- c. **Flagrant 1 personal foul.** A flagrant 1 personal foul is a personal foul that is deemed excessive in nature and/or unnecessary, but is not based solely on the severity of the act. Examples include, but are not limited to:
 1. Causing excessive contact with an opponent;
 2. Contact that is not a legitimate attempt to play the ball or player, specifically designed to stop or keep the clock from starting;
 3. Pushing or holding a player from behind to prevent a score;

4. Fouling a player clearly away from the ball who is not directly involved with the play, specifically designed to stop or keep the clock from starting; and
 5. Contact with a player making a throw-in.
 6. Illegal contact caused by swinging of an elbow which is deemed excessive or unnecessary but does not rise to the level of a flagrant 2 personal foul (see Rule 4-18.7)
- d. **Flagrant 2 personal foul.** A flagrant 2 personal foul is a personal foul that involves contact with an opponent that is not only excessive, but also severe or extreme while the ball is live.
- e. **Simultaneous personal foul.** A simultaneous personal foul by opponents occurs when a personal foul is committed by each team at approximately the same time but not by opponents against each other.

Art. 3. Technical Fouls

- a. **Administrative technical foul.** An administrative technical foul occurs when there is a violation of rules pertaining to, but not limited to, court/equipment requirements, rosters, benches, illegal uniforms/numbers, scorebook, team delays, excessive timeouts, and team followers. (See Rule 10-2)
- b. **CLASS A and CLASS B technical fouls.** A CLASS A technical foul involves unsportsmanlike conduct or behavior by a player, substitute, coach or bench personnel. Unsportsmanlike conduct is behavior or an act that is unbecoming to a fair, ethical and honorable individual. A CLASS B technical foul is an infraction of the rules that neither involves contact with an opponent nor causes contact with an opponent and falls below the limit of an unsportsmanlike act. Examples of CLASS A and CLASS B technical fouls shall include:
1. Unsportsmanlike conduct; using profanity, vulgarity, taunting, baiting (CLASS A);
 2. Hanging on the ring, except when doing so to prevent an injury (CLASS B).
- c. **Double technical foul.** A double technical foul occurs when opponents commit technical fouls against each other at approximately the same time.
- d. **Flagrant 2 technical foul.** A flagrant 2 technical foul can be either contact or noncontact.
1. A flagrant 2 contact technical foul occurs when the ball is dead and the contact is not only excessive, but also severe or extreme.
 - a. An exception may be a foul committed by an airborne shooter.
 2. A flagrant 2 noncontact technical foul occurs when the ball is either live or dead and involves extreme, sometimes persistent, vulgar, abusive conduct.
- e. **Contact dead ball technical foul.** A contact dead ball technical foul occurs when the ball is dead and involves contact that is unnecessary, unacceptable and excessive, but does not rise to the level of a flagrant 2 contact technical foul.

- f. **Simultaneous technical foul.** A simultaneous technical foul occurs when there is a technical foul committed by each team, at approximately the same time, but not by opponents against each other.

Art. 4. False double foul. A false double foul occurs when there are fouls by both teams, the second of which occurs before the game clock is started after it is stopped for the first.

Art. 5. Multiple foul. A multiple foul occurs when two or more teammates commit personal fouls against the same opponent at approximately the same time.

Art. 6. False multiple foul. A false multiple foul occurs when there are two or more fouls by the same team such that the last foul is committed before the game clock is started after it is stopped for the first, and such that at least one of the attributes of a multiple foul is absent.

Section 16. Fumble

Art. 1. A fumble shall be the accidental loss of player control when the ball unintentionally drops or slips from a player's grasp.

Art. 2. A fumble may be legally recovered by any player.

Section 17. Guarding

Art. 1. Guarding is the act of legally placing the body in the path of an offensive opponent. The guarding position shall be initially established and then maintained inbounds on the playing court.

Art. 2. There is no minimum distance required between the guard and opponent, but the maximum distance to be considered closely guarded is 6 feet. This distance shall be measured from the forward foot or feet of the defender to the forward foot or feet of the opponent. These distances shall apply only when a player in the front court is holding the ball or dribbling.

Art. 3. Every player shall be entitled to a spot on the playing court, provided that such player gets there first without illegally contacting an opponent. (*Exception: Rule 4-17.7*)

Art. 4. To establish an initial legal guarding position on the player with the ball:

- a. The guard shall have both feet touching the playing court. When the guard jumps into position initially, both feet must return to the playing court after the jump, for the guard to attain a legal guarding position.
- b. The guard's torso shall face the opponent.
- c. No time and distance shall be required.
- d. When the opponent with the ball is airborne, the guard shall have attained legal guarding position before the opponent begins his upward motion with his hands/arms to shoot or pass. (*Exception: Rule 4-17.7*)

Art. 5. To establish legal guarding position on a player without the ball:

- a. Time and distance shall be required to attain an initial legal guarding position;
- b. The guard shall give the opponent the time and distance to avoid contact;
- c. The distance given by the opponent of the player without the ball need not be more than two strides; and
- d. When the opponent is airborne, the guard shall have attained legal guarding position before the opponent left the playing court.

Art. 6. To maintain a legal guarding position after the initial position has been attained, the guard:

- a. Is not required to continue having the torso face the opponent;
- b. Cannot have either foot out of bounds;
- c. May raise the hands or may jump within his own vertical plane;
- d. May shift to maintain guarding position in the path of the dribbler, provided that the guard does not charge into the dribbler or otherwise cause contact;
- e. May move laterally or obliquely to maintain position provided such a move is not toward the opponent when contact occurs;
- f. Is not required to have the feet on the playing court when shifting in the path of the dribbler or when moving laterally or obliquely; and
- g. May turn or duck to absorb shock when contact by the dribbler is imminent. In such a case, the dribbler shall not be absolved from the responsibility of contact.

Art. 7. A secondary defender cannot establish initial legal guarding position in the Restricted Area for the purposes of drawing a player control foul/charge on a player who is in control of the ball (i.e., dribbling or shooting) or who has released the ball for a pass or try for goal. When illegal contact occurs within this Restricted Area, such contact shall be called a blocking foul, unless the contact is flagrant. (*Exception: When the offensive player leads with a foot or unnatural extended knee or wards off with the arm.*)

This restriction shall not prohibit a defender, located within the restricted area, from attempting to block a shot.

Section 18. Hands and Arms, Use of

Art. 1. The arms may be extended vertically above one's shoulder and need not be lowered to avoid contact with an opponent when the action of the opponent causes contact.

- a. This legal use of the arms and hands usually occurs when guarding:
 1. The thrower-in;
 2. The player with the ball who is under defensive pressure; or
 3. A player with the ball who is maneuvering to try for goal by pivoting, jumping or hooking either a pass or try for goal.

Art. 2. It shall be legal for a defender to accidentally hit the hand of a ball-handler when reaching to block or slap the ball when there is player control with that player's hand in contact with the ball and when that player is:

- a. A dribbler;
- b. Attempting a try for field goal; or
- c. Holding the ball.

Art. 3. A player shall be permitted to hold his hands and arms in front of his face or body for protection in a recoil action rather than a pushing action:

- a. To absorb force from imminent contact by an opponent; or
- b. When that player, who has set a blind screen, is about to be run into by the player being screened.

Art. 4. A player shall not use the arms, hands, hips or shoulders:

- a. To force his way through a screen; or
- b. To hold the screener and then push the screener aside in order to maintain a guarding position relative to his opponent.

Art. 5. It shall be illegal to extend one's arms fully or partially, other than vertically, so that the freedom of movement of an opponent is hindered when contact with the extended arms occurs.

Art. 6. It shall be illegal to extend an elbow(s) and make contact with an opponent when:

- a. Hands are on one's hips;
- b. Hands are held near one's chest; or
- c. Arms are held approximately horizontal to the playing court when not holding the ball.

Note: These illegal positions are most commonly used when rebounding, screening or in the various aspects of post play.

Art. 7. The following shall be considered not only excessive, but extreme swinging:

- a. When arm(s) and elbow(s) are swung about while using the shoulders as pivots, and the speed of the extended arm(s) and elbow(s) exceeds that of the rest of the body as it rotates on the hips or on the pivot foot; or
- b. When the speed and vigor with which the arm(s) and elbow(s) are swung is such that injury could result if another player were contacted.

Section 19. Holding

Art. 1. Holding is illegal personal contact with an opponent which interferes with the opponent's freedom of movement.

Section 20. Inadvertent Whistle

Art. 1. An inadvertent whistle occurs any time an official blows the whistle as an oversight and does not have a call to make.

Section 21. Incidental Contact

Art. 1. All contact shall not constitute a foul. When 10 players move rapidly in a limited area, some contact is certain to occur. Incidental contact shall be contact with an opponent that is permitted and does not constitute a foul.

Art. 2. Contact that is incidental to an effort by an opponent to reach a loose ball, or contact that results when opponents are in equally favorable positions to perform normal defensive or offensive movement, should be permitted even though the contact may be severe or excessive.

Art. 3. Contact that does not hinder the opponent from participating in normal defensive or offensive movements shall be considered incidental.

Art. 4. A player who is screened within his visual field shall be expected to avoid contact with the screener by stopping or avoiding the screener.

Art. 5. A player who is screened outside his visual field may make inadvertent contact with the screener. Such contact shall be incidental, provided that the screener is not displaced when he has the ball.

Art. 6. When a player approaches an opponent from behind or a position from which the player has no reasonable chance to play the ball without making contact with the opponent, the responsibility for contact shall be that of the player in the unfavorable position.

Section 22. Jump Stop

Art. 1. A jump stop is executed when a player catches the ball while moving or dribbling with:

- a. One foot on the playing court, jumps off that foot and lands simultaneously on both feet (no pivot foot).
- b. Two feet off the playing court, lands on one foot, jumps off that foot and lands simultaneously on both feet (no pivot foot).

Art. 2. A jump stop may also be executed when the dribbler has one foot on the playing court, initiates a jump off that foot, ends the dribble with both feet off the playing court and lands simultaneously on both feet (either foot can be established as the pivot foot).

Section 23. Location of a Player

Art. 1. The location of a player (or non-player) is determined as being:

- a. Where he is touching the floor, as far as being inbounds or out of bounds.
- b. In the front court or back court.
- c. Outside the three-point line with at least one foot in contact with the playing floor behind the line before the release of the try and the other foot not contacting the line or the playing floor in front of the line.

Art. 2. When a player is in the air from a leap (except during a throw-in) or when a defensive player intercepts a ball while in the air, the player's status with reference to these two situations shall be the same as at the time the player was last in contact with the floor or an extension of the floor, such as a bleacher.

Art. 3. When the ball touches an official or a player who is on the playing court, play shall continue as if the ball touched the floor at that individual's location.

Section 24. Pass

A pass is movement of the ball caused by a player who throws, bats or rolls the ball to another player. In order for a pass to be completed, the ball shall touch another player.

Section 25. Penalty

Art. 1. A penalty for a foul is the charging of the offender with the foul and/or awarding one or more free throws, and/or awarding the ball to the opponent for a throw-in. For any flagrant 2 foul, the penalty includes ejection of the offender.

Art. 2. The penalty for a violation is the awarding of the ball to the opponent for a throw-in, one or more points or a substitute free throw.

Section 26. Pivot

A pivot takes place when a player who is holding the ball steps once or more than once in any direction with the same foot, while the other foot, called the pivot foot, is kept at its point of contact with the playing court.

Section 27. Point of Interruption

Art. 1. Point of interruption is the point in a game in which a stoppage in play occurs. The point of interruption is based on both the location of the ball and the team in control and is used to determine where to resume play because of:

- a. An official's inadvertent whistle, as in Rules 4-20 and 7-4.16.
- b. An interrupted game, as in Rule 5-4.
- c. A correctable error, as in Rule 2-12.1.
- d. Any double foul or simultaneous personal foul, as in Rule 4-15 unless only one of the fouls is a flagrant foul.
- e. Any technical foul(s). (Exceptions: Single flagrant 2 technical foul and single contact dead ball technical foul.)

Section 28. Post Player

A post player is any offensive or defensive player in the lane area with or without the ball with his back to the basket. The lane area includes the three-second lane (Rule 9-10) and approximately three feet just outside the lane.

Section 29. Rebound

Art. 1. A rebound occurs when a player secures possession of the ball after a try for goal. In a rebounding situation, there is no player or team control.

Art. 2. To attain or maintain legal rebounding position, a player shall not:

- a. Displace, charge or push an opponent.
- b. Extend either or both shoulders, hips, knees or extend either or both arms or elbows fully or partially in a position other than vertical so that the freedom of movement of an opponent is hindered when contact with any of these body parts occurs.
- c. Bend his body in an abnormal position to hold or displace an opponent.
- d. Violate the principle of verticality.

Art. 3. Every player shall be entitled to a spot on the playing court, provided that such player gets there first without illegally contacting an opponent. (*Exception: Rule 4-17.7*)

Section 30. Restricted Area

The restricted area is defined as the area bounded by the outer edge of the restricted area arc, which has a 3-foot radius measured from the center of the basket and extending to the face of the backboard. A secondary defender is considered to be in the restricted area when any part of either foot is in or above this area.

Section 31. Resumption of Play

Art. 1. Resumption of play is the method of putting the ball in play by placing the ball at the disposal of the player. The resumption of play is in effect for the entire game except to start the second half or any extra period.

Art. 2. When a team is not ready to resume play following the final horn to end a timeout, the officials shall issue one warning to the head coach and report the warning to the official scorer. When the same team subsequently is not prepared to play following the final horn to end a timeout, the officials shall use the resumption of play procedure.

Section 32. Rule

Art. 1. A rule is one of the groups of laws that govern the game.

Art. 2. A game law (commonly called a rule) sometimes states or implies that the ball is dead or a foul or violation is involved. When it does not, it shall be assumed that the ball is live and no foul or violation has occurred to affect the given situation.

Art. 3. A single infraction shall not be complicated by a second infraction unless so stated or implied.

Section 33. Scorebook

The scorebook is the book or form in which the official scorer records the statistics of the game. *Note: A standard collegiate scorebook/scoresheet is recommended.*

Section 34. Screen

Art. 1. A legal screen is action by any player, offensive or defensive, with or without the ball, which, without causing contact, delays or prevents an opponent from reaching a desired position.

Art. 2. In establishing and maintaining legal screening tactics, the screener shall:

- a. Stay within his vertical plane with a stance no wider than shoulder width apart and shall not lean into the path of an opponent or extend hips into that path, even though the feet are stationary.
- b. Not be required to face in any particular direction at any time.

Art. 3. A player shall not:

- a. Cause contact by setting a screen outside the visual field of a stationary opponent that does not allow this opponent a normal step to move.
- b. Make contact with the opponent when setting a screen within the visual field of that opponent.
- c. Take a position so close to a moving opponent that this opponent cannot avoid contact by stopping or changing direction.

Art. 4. No player, while moving, shall set a screen that causes contact and delays an opponent from reaching a desired position.

Art. 5. When both opponents are moving in exactly the same path and direction and the screener slows down or stops and contact results, the trailing player shall be responsible for such contact.

Art. 6. No player shall use arm(s), hand(s), hip(s) or shoulder(s) to force through a screen or to hold or push the screener.

Art. 7. Screeners shall not line up next to each other within 6 feet of a boundary line and parallel to it so that contact occurs.

- a. Screeners shall be permitted to line up parallel to a boundary line and next to each other without locking arms or grasping each other, provided that the screen is set at least 6 feet from that boundary line.

Section 35. Secondary Defender

Art. 1. A secondary defender is a teammate who has helped a primary defender after that player has been beaten by an opponent because he failed to establish or maintain a guarding position. A defensive player is beaten when the offensive player's head and shoulders get past the defender.

Art. 2. A secondary defender is a teammate who double teams a low post player.

Art. 3. After an offensive rebound, there are no secondary defenders when the rebounder makes an immediate move to the basket.

Art. 4. In an outnumbering fast-break situation, any defensive player(s) initially shall be a secondary defender.

Section 36. Shooter

A shooter is a player who attempts a try for a field goal or a free throw.

Section 37. Team Member

A team member is a member of bench personnel who is in uniform and is eligible to become a player.

Section 38. Verticality

Art. 1. Verticality applies to a legal position. The basic components of the principle of verticality are:

- a. Legal guarding position must be established and attained initially, and movement thereafter must be legal.
- b. From such position, the defender may rise or jump vertically and occupy the space within his vertical plane.
- c. The hands and arms of the defender may be raised within his vertical plane while the defender is on the playing court or in the air.
- d. The defender shall not be penalized for leaving the playing court vertically or having his hands and arms extended within the vertical plane.
- e. The offensive player, whether on the playing court or airborne, shall not “clear out” or cause contact that is not incidental.
- f. The defender may not “belly up” or use the lower part of the body or arms to cause contact outside his vertical plane.
- g. The player with the ball shall be given no more protection or consideration than the defender in the judging of which, if either, player has violated the principle of verticality.

Section 39. Violation

A violation is a rules infraction of the type listed in Rule 9.

RULE 5

Scoring and Timing Regulations

Section 1. Scoring/Try for Goal

Art. 1. A try for field goal is an attempt by a player to score two or three points by throwing or tapping the ball into his basket.

Art. 2. A goal is made when:

- a. A live ball that is not a throw-in enters the basket from above and remains in or passes through the basket; or
- b. A free throw enters the basket from above and remains in or passes through the basket.

Art. 3. A goal from the field other than from beyond the three-point line shall count two points for the team into whose basket the ball is thrown, tapped or directed.

Art. 4. A successful try from beyond the three-point line shall count three points for the team when the ball is thrown or directed into its basket.

- a. When a player scores a field goal in the opponent's basket, it shall count two points for the opponent regardless of the location on the playing court from where it was released. Such a field goal shall not be credited to a player in the scorebook but shall be indicated with a footnote.

Art. 5. A three-point try occurs when a try leaves the player's hand when that player last touched the floor outside the three-point line with at least one foot in contact with the playing floor behind the line and the other foot not contacting the line or the playing floor in front of that line.

Art. 6. A dunk is a try for goal that occurs when any player gains control of a ball that is neither in the cylinder nor on the ring and then attempts to drive, force or stuff the ball through the basket.

Art. 7. A tap is a type of try for field goal whereby a player attempts to score two or three points by directing a live ball into his team's basket with his hands or fingers.

Art. 8. A tap starts when the player's hand(s) or finger(s) touch the ball.

Art. 9. A tap ends when it is successful, when it is certain that the tap is unsuccessful, when the ball touches the floor or when the ball becomes dead.

Art. 10. The try starts when the player begins the motion that normally precedes the release of the ball on a try. The ball does not need to leave the player's hand. The arm might be held so that the player cannot throw; however, he may be making an attempt.

Art. 11. The act of shooting begins simultaneously with the start of the try and ends when the ball is clearly in flight, including when the shooter is an airborne shooter.

Art. 12. A try ends when the throw is successful, when it is certain the throw is unsuccessful, when the thrown ball touches the floor or when the ball becomes dead.

Art. 13. A goal from a free throw shall be credited to the free-thrower and shall count one point for the free-thrower's team.

Art. 14. An airborne shooter, who is fouled by an opponent, while in the air but after the ball is released is considered to be in the act of shooting until that airborne player returns to the floor.

Art. 15. Whether the game clock is running or stopped shall have no bearing on the counting of a goal as long as the ball was released before the expiration of time.

Art. 16. When there is doubt whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange, any activity before the next live ball shall be canceled, with the exception of any flagrant or technical foul and the correct time shall be added to the game clock.

Art. 17. The only infractions for which points are awarded are goaltending or basket interference by the defensive team.

Art. 18. In any period, when the game clock displays 10ths of seconds and play is to be resumed by a throw-in or a free throw when 3/10 (.3) of a second or less remains on the game clock, a player may not gain possession of the ball and try for a field goal. Such player can only score a field goal by means of a tap of a pass or of a missed free throw.

Art. 19. When the official(s) discovers that they have permitted a team to go in the wrong direction, all activity and time consumed shall count as though each team had gone in the proper direction. Play shall be resumed with each team going in the proper direction.

Section 2. Winning Team

The winning team is the team that has accumulated the greater number of points when the game ends, except in Rule 5-3.6.

Section 3. Forfeit/No Contest

Art. 1. A forfeit is the termination of the game by the referee.

Art. 2. The referee shall declare a forfeit when:

- a. Any player, squad member or bench personnel fails to comply with any technical-foul penalty or makes a travesty of the game.
- b. When conditions warrant.
- c. A team refuses to play after being instructed to do so by an official.

Art. 3. The referee shall determine the length of time that shall elapse before a forfeit may be declared.

Art. 4. Conference policy may include an established time limit before a forfeit may be declared.

Art. 5. When a forfeit is declared, the score shall be recorded as 2-0 and all statistics (other than the teams' and coaches' won-lost records) shall be voided, unless 30 minutes of playing time has been completed on the game clock. In that case, the score at the end of play shall stand and all other statistics shall count.

Art. 6. When the team that is behind in the scorebook is to be declared the winning team, that score shall be marked with an asterisk in the official statistics; and it shall be noted that the game was won by forfeit.

Art. 7. A "no contest" is when a team does not appear at the game site because of inclement weather, an accident, vehicle breakdown, illness or catastrophic cause. An institution shall not, for statistical purposes, declare a forfeit for nonfulfillment of a contract, but rather shall declare a "no contest." When officials are not present or available to officiate, there cannot be a sanctioned game/contest.

Section 4. Interrupted Game

When a game is interrupted because of events beyond the control of the responsible administrative authorities, it shall be continued from the point of interruption unless the teams agree otherwise or there are applicable conference, league or association rules.

Section 5. Protests

The NCAA Men's Basketball Rules Committee does not recognize or allow protests.

Section 6. Periods-Length

Art. 1. Playing time for varsity games shall consist of two halves of 20 minutes each with a halftime intermission of 15 minutes. Extra periods shall be five minutes each in length with a one-minute intermission before each.

Art. 2. The length of periods for nonvarsity games may be reduced by conference, league or association rules or by mutual agreement of both teams and the referee.

Section 7. Periods—Beginning and End

Art. 1. Each period shall begin when the ball becomes live.

Art. 2. Each period shall end when the red light or LED lights have become activated. When the light fails to operate or is not visible or is not present, each period shall end with the sounding of the game-clock horn.

- a. In games with a 10th-of-a-second game clock display and where an official courtside monitor is used, the reading of zeros on the game clock is to be used to determine whether a try for goal occurred before or after the expiration of time in any period. When the game clock is not visible, the officials shall verify the original call with the use of the red/LED light(s). When the red/LED light(s) are not visible, the sounding of the game-clock horn shall be used. When definitive information is unattainable with the use of the monitor, the original call stands.

Art. 3. Each period shall end when time expires except that:

- a. When the ball is in flight during a try, the period shall end when the try ends.
- b. When a held ball or violation occurs so near the expiration of time that the game clock is not stopped before time expires, the period shall end with the held ball or violation. (*Exception: Rule 11-3.1.a.2).*

- c. When a foul occurs so near the expiration of time that the official timer cannot stop the game clock before time expires or when the foul occurs after time expires but while the ball is in flight during a try, the period shall end when the free throw(s) and all related activity have been completed. (*Exception: Rule 11-3.1.a.3*)
 1. After the expiration of time, only those free throw(s) necessary to determine a winner or whether an extra period is necessary shall be awarded.

Art. 4. Except for disqualification or ejection, no penalty or part of a penalty shall carry over from one half or extra period to another.

Art. 5. No correction of a timing mistake shall be carried over from one half or extra period. Such a mistake shall be corrected before the start of the subsequent intermission.

Art. 6. When a technical foul occurs after the ball has become dead to end a period that is to be followed by another period, the next period shall be started by administering the free throws. Play shall resume at the point of interruption for a technical foul. When the technical is a single flagrant 2 foul or a contact dead ball technical foul, the ball is awarded to the offended team at the division line on either side of the playing court.

- a. When there is no way to determine whether there will be an extra period until the free throws for a technical foul are administered, the free throws shall be attempted immediately, as if the technical foul had been part of the preceding period.

Section 8. Intermission

Art. 2. When the score is tied at the end of the second half, play shall continue without change of baskets for one or more extra period(s) with a one-minute intermission before each extra period. The game shall end when, at the end of any extra period, the score is not tied.

The appeal to the official shall be presented at the scorers' table, where a coach of each team may be present.

Art. 6. Suspends play immediately when necessary to protect an injured player.

Art. 7. Suspends play after the ball is dead or controlled by the injured player's team or when the opponents complete a play after a player is injured.

- a. A play shall be completed when a team withholds the ball from play by ceasing to attempt to score or advance the ball to a scoring position.

Art. 8. Suspends play at the earliest possible time when a player incurs a wound that causes bleeding or has blood on his body caused by blood from another player's wound. The official shall allow 20 seconds to remedy the situation before instructing the player to leave the game.

Art. 9. Recognizes each successful field goal in the last 59.9 seconds of the second half or any extra period.

Section 12. Timing Mistakes and Malfunctions

The following articles pertain to mistakes and malfunctions in games played without a replay/television equipment. For timing mistakes and malfunctions in games with replay/television equipment, see Rule 11-1.

Art. 1. When an obvious timing mistake has occurred because of the failure to start or stop the game clock properly, the mistake shall be corrected by the referee. After the mistake of either failing to start or stop the game clock, such a mistake shall be corrected:

- a. During the first dead ball and before the ball is touched inbounds or out of bounds by a player other than a thrower-in.
- b. When the clock should have been continuously running, the mistake shall be corrected before the second live ball is touched inbounds or out of bounds by a player other than a thrower-in.

No timing mistake correction shall be carried over from one half or extra period to another. Such a mistake shall be corrected before the start of intermission.

Art. 2. When the referee blows the whistle to signal for the game clock to be stopped and has definite knowledge that time has elapsed before the game clock stopped, the referee shall instruct the official timer to put the correct time on the game clock.

Art. 3. The officials shall make the final decision when there is doubt as to whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange.

Art. 4. When an obvious mistake by the shot-clock operator has occurred in failing to start, stop, set or reset the shot clock or when a shot clock has malfunctioned, the mistake or the malfunctioning problem may be corrected in the shot-clock period in which it occurred only when the official has definite information relative to the mistake or malfunctioning problem and the time involved. When a timing mistake or malfunctioning problem occurs that gives a team more time than that team is entitled to, any activity after the mistake or malfunctioning problem has been committed and until it has been rectified shall be canceled, excluding any flagrant foul or technical foul.

Art. 5. When the game clock has malfunctioned, the problem shall be corrected in the half or extra period in which it occurred when the officials have knowledge of the problem.

Section 13. Timeouts

Art. 2. The electronic-media timeout format consists of a series of timeouts provided to a team to ensure designated time allotments for advertising segments.

Section 14. Timeouts Granted and Charged

Art. 1. A timeout shall be granted and charged after a player or head coach makes a visual or oral request in .a through .c or the conditions in .d and .e exist:

- a. When a player of that team is in control of the ball (this includes throw-ins and free throws) (*Exception: Rule 5-15.1.c.*).
- b. When the ball is at the disposal of the player; or

- c. When the ball is dead.
- d. When the appeal for a correctable error or timing, scoring or alternating-possession mistake is reviewed and the official's ruling is not reversed.
- e. When the appeal to review the monitor for a flagrant 2 contact foul, flagrant 1 contact foul, or contact dead ball technical foul does not result in a flagrant contact foul or contact dead ball technical foul being charged.

When the rulings in 5-14.1.d and e are not reversed or the time limit for correcting an error, a timing mistake, an alternating-possession mistake or the charging of a flagrant/technical foul has expired, a 75-second timeout or a 30-second timeout when a 75-second timeout is not available shall be charged to the offending team in a game not involving the electronic-media timeout format and either a 30-second or 60-second timeout charged to the offending team in a game involving the electronic-media timeout format. When this timeout is granted at the first dead ball after one of the specified time marks on the game clock for electronic-media timeouts or the first timeout of the second half, that timeout shall become an electronic-media timeout.

Art. 2. During any timeout, bench personnel and players shall locate themselves inside an imaginary rectangle formed by the boundaries of the sideline (including the bench), end line, and an imaginary line extended from the free-throw lane line nearest the bench area meeting an imaginary line extended from the coaching-box line.

Art. 5. A warning horn to alert teams to prepare to resume play shall be sounded 15 seconds before the expiration of any charged or electronic-media timeout.

Art. 6. A second game-clock horn shall be sounded at the end of any charged or electronic-media timeout and play shall resume immediately. (*Exception: Rule 4-31.2*).

Art. 7. A timeout shall be charged to a team for either length or fraction thereof consumed under Rules 5-11.3 and 5-11.4, regardless of the amount of time consumed.

Art. 8. In games NOT involving the electronic-media timeout format the timeout format shall be:

Art. 9. When the electronic-media agreement calls for FEWER THAN THREE electronic-media timeouts in one half, the format shall be as follows:

- a. Four 75-second timeouts and two 30-second timeouts for each team per regulation game.
- b. The four 75-second timeouts can be used at any time.
- c. The two 30-second timeouts can be used at any time.
- d. These electronic-media timeouts shall occur at the first dead ball after the minute marks specified by the electronic-media agreement.

 - 1. The first timeout requested by either team in the second half shall become the electronic-media timeout and shall be 75 seconds long or the length called for by the electronic-media agreement.
- f. When there is an extra period(s), each team is entitled to one extra 75-second timeout per extra period in addition to any timeouts it has not used previously.
- g. The extra timeout shall not be granted until after the ball becomes live to begin the extra period.

- a. Four 30-second timeouts for each team per regulation game.
 - 1. Each team may carry up to three 30-second timeouts into the second half.
- b. One 60-second timeout for each team per regulation game that may be used any time during the game.
- c. Depending on the electronic-media agreement, these electronic-media timeouts shall occur at the first dead ball after the 15-, 10- and 5-minute marks or the 16-, 12-, 8- and 4-minute marks when the game clock is stopped.
- d. The first timeout requested by either team in the second half shall become the length of a timeout called for by the electronic-media agreement:

- e. When a timeout is granted and creates the first dead ball after one of the 15-, 10-, and 5- minute marks or the 16-, 12-, 8- and 4-minute marks, the electronic-media timeouts for those specified times shall occur after the next dead ball. (*Exception: Rule 5-14.10.d.*)
- f. Each team shall be entitled to one additional 30-second timeout during each extra period in addition to any timeouts it has not used previously.
- g. The extra timeout shall not be granted until after the ball becomes live to begin the extra period.

Note: For NCAA Division I tournament games, the men's Division I basketball committee may make the first team-called timeout in both halves an electronic-media timeout.

Art. 11. In games involving the electronic-media timeout format, when a foul (personal or technical) is committed that causes the ball to become dead at one of the specified time marks on the game clock for electronic-media timeouts, that electronic-media timeout shall be taken and then the free throw(s) shall be administered after the timeout.

Art. 12. Injury:

- a. A timeout may be requested by and granted to a team when that team has an injured player, a player who is bleeding or has a uniform that is saturated with blood and that player desires to remain in the game. When the condition is remedied within a granted timeout, the player is permitted to remain in the game.
- b. When a timeout is charged for an injury, a bleeding player or a player's uniform that is saturated with blood, and that timeout:
 1. Is granted at the first dead ball at one of the specified time marks on the game clock for electronic-media timeouts, that timeout shall become an electronic-media timeout.
 2. Is the first 30-second timeout granted during the second half of the game, that timeout shall become an electronic-media timeout.

- d. When granted, a warning horn shall be sounded 15 seconds before the expiration of the final timeout.

Art. 14. Shortened timeouts:

- a. The team that requests a timeout may shorten that timeout when the captain/head coach notifies the official of the team's intent. (*Exception: The first team-called timeout of the second half or extra period in a game involving electronic-media timeout format as in Rule 5-14.10.d.*)
- b. When a request is made to shorten any timeout for a substitution(s), the signal for shortening a timeout shall be given and play shall be resumed immediately.
- c. In games involving the electronic-media timeout format, when a timeout has been recognized to be shortened for the sole purpose of making substitutions and the timeout causes the first dead ball after one of the specified time marks

for electronic-media timeouts (15-, 10- and 5- or 16-, 12-, 8- and 4-minute marks), that timeout shall become an electronic-media timeout.

- d. When a request has been made to shorten any timeout for a purpose other than for substitution(s), a warning horn shall be sounded immediately and 15 seconds later another signal shall be sounded to resume play.

Art. 15. In games not involving the electronic-media timeout format, one 75-second timeout or one 30-second timeout, when the 75-second timeouts have been used, and in games involving the electronic-media timeout format either one 30-second or 60-second timeout shall be charged to the team making the appeal in Rule 5-11.5, when no correction is made or when the time limit for correcting an error under Rule 2-12 has expired.

- d. Unless there is player control by the requesting team. (*Exception: Rule 5-15.1.c.*)
- e. Until after the jump ball to begin the game ends and either the clock is stopped or a player is in control of the ball.

Section 16. No Timeout Charged

Art. 1. No timeout shall be charged when:

- a. In Rule 5-11.2.b, an injured player is ready to play immediately or is replaced.
- b. The clock was stopped and a reasonable amount of time was used to remedy a lost or displaced eyeglass or contact lens situation.
- c. In a blood situation, the condition is remedied within a 20-second time period.
- d. In Rule 5-11.5, the timeout is specifically requested for the purpose of preventing or rectifying a correctable error or timing, scoring or an alternating-possession mistake, and such a mistake was prevented or rectified or when the monitor review of the flagrant/technical fouls did result in a foul being charged.

Section 17. Excessive Timeout

Art. 1. Timeouts in excess of the allotted number may be requested and shall be granted at the expense of an administrative technical foul charged to the offending team for each taken.

Art. 2. A 75-second timeout in games not involving the electronic-media timeout format or a 30-second timeout in games involving the electronic-media timeout format shall be charged to and may be used by the team requesting the granted excessive timeout.

RULE 6

Live Ball and Dead Ball

Section 1. Live Ball

Art. 1. The game and each period start when the ball becomes live.

Art. 2. The ball shall become live when:

- a. On a jump ball, the ball leaves the official's hand.
- b. On a throw-in, the ball is at the disposal of the thrower-in.
- c. On a free throw, the ball is at the disposal of the free-thrower.

Section 2. Jump Ball

Art. 1. A jump ball is a method of putting the ball into play at the beginning of the game or any extra period(s) by tossing it up between two opponents in the center circle.

Art. 2. A jump ball shall begin when the ball leaves the official's hand. The jump ball and all jump ball restrictions shall end when the ball touches a non-jumper, the playing court, basket, backboard, an official or when the ball becomes dead.

Art. 3. Jumpers are the two opposing players vying for the tip during a jump ball.

Art. 4. For any jump ball, each jumper shall have both feet inside the half of the center circle that is farther from his team's basket.

Art. 5. Each jumper may face in either direction.

Art. 6. The referee or designee shall toss the ball upward between the jumpers in a plane at right angles to the sidelines, to a height greater than either of the jumpers can jump and so that the ball will drop between them. The jump ball may be repeated when these provisions are not met.

Art. 7. When the ball touches the playing court without being touched by at least one of the jumpers, the official shall toss the ball again.

Art. 8. Teammates shall not occupy adjacent positions around the center circle when an opponent indicates a desire for one of these positions before the referee is ready to toss the ball.

Section 3. Alternating-Possession Procedure

Art. 1. The alternating-possession procedure is a method of putting the ball in play with a throw-in rather than a jump ball.

Art. 2. The alternating-possession procedure starts when an official places the ball at the disposal of a player for a throw-in. The alternating-possession procedure ends and the arrow is reversed immediately when a passed ball legally touches

an inbounds player, when a player, who is located on the playing court, touches and causes the ball to be out of bounds or when the throw-in team commits a throw-in violation.

Art. 3. The team to be awarded the ball for the alternating-possession throw-in shall be indicated by the alternating-possession arrow.

Art. 4. The team that does not obtain control of the initial jump ball shall start the alternating-possession procedure when the next alternating-possession situation occurs by being awarded the ball at a designated spot nearest to where the held ball occurred.

Art. 5. After an initial jump ball or a jump ball for the start of an extra period(s) when possession is not gained by either team, which would establish the alternating-possession procedure, a jump ball shall take place between any two players.

Art. 6. Before the start of the second half, the direction of the possession arrow shall be changed to account for the teams switching ends of the court. The second half shall start with the team that controlled the alternating-possession arrow at the end of the first half given disposal of the ball at the division line opposite the scorer's table.

Art. 7. The opportunity to make an alternating-possession throw-in shall be lost when the throw-in team violates the throw-in provisions. (See Rule 9-5.)

Art. 8. A foul by either team during an alternating-possession throw-in shall not cause the throw-in team to lose the alternating-possession arrow.

Section 4. Alternating-Possession Situations

Art. 1. The ball shall be put in play by the team entitled to the alternating-possession throw-in at a designated spot nearest to where:

- a. A held ball occurs. (See Rule 6-4.2)

- g. An inadvertent whistle occurs, and there is no player or team control.
- h. The ball was last touched simultaneously by two opponents, both of whom are inbounds or out of bounds, or when the officials are in doubt as to who last touched the ball.

Art. 2. A held ball occurs when an opponent places his hand(s):

- a. So firmly on the ball that control cannot be obtained without undue roughness; or

- b. On the ball to prevent an airborne player from throwing the ball or attempting a try and both players return to the playing court with both hands on the ball or the airborne player returns to the playing court never losing control of the ball.

Section 5. Dead Ball

Art. 1. The ball shall become dead or remain dead when:

- a. Any goal is made.

- d. An official blows the whistle except when the try is in flight.
- e. Time expires for a half or extra period.
- f. An official blows the whistle when a foul is committed by a shooter's teammate before the ball is released for a try for goal.
- g. An official blows the whistle when any floor violation (Rules 9-3 through 9-15) occurs, there is basket interference or goaltending (Rule 9-17) or there is a free-throw violation by the free-thrower's team (Rule 9-1).

Art. 2. After a dead ball, play may be resumed in one of the following three ways: jump ball, by placing the ball at the disposal of the thrower-in or by placing the ball at the disposal of a free-thrower.

Section 6. Ball Does Not Become Dead

Art. 1. A live ball shall not become dead until the try in flight ends when:

- a. An official's whistle is blown.
- b. Time expires for a half or extra period.
- c. A foul occurs.

Art. 2. A live ball shall not become dead when a foul is committed by an opponent of a player who starts a try for goal before a foul occurs, provided that time does not expire before the ball is in flight.

Art. 3. A live ball shall not become dead when the ball is in flight on a try for field goal or during a free throw when an opponent swings his arms or elbows excessively without making contact.

Art. 4. While a free throw is in flight, the ball shall not become dead when:

- a. An official blows the whistle.
- b. A foul occurs.

This distance shall be measured from the forward foot or feet of the defender to the forward foot or feet of the opponent.

Art. 2. Closely guarded violations occur when a closely guarded player anywhere in his front court holds or dribbles the ball for five seconds. This count shall be terminated during an interrupted dribble.

Art. 3. After the start of a five-second closely guarded count, in order for a closely guarded violation to occur, there shall be continuous guarding by the same opponent.

Art. 4. When a player is positioned between the player in control of the ball and his opponent, who is within 6 feet, a closely guarded situation does not exist.

Section 16. Floor-Violation Penalties (Applies only to Rules 9-3 through 9-15)

1. Touches the ball or any part of the basket while the ball is on or within the basket;

2. Touches the ball while any part of it is within the cylinder that has the ring as its lower base;
 3. Reaches through the basket from below and touches the ball before it enters the cylinder; or

 - d. A player may have a hand legally in contact with the ball, when this contact continues after the ball enters the cylinder or when, during such action, the player touches or grabs the basket.

Art. 3. Goaltending.

- b. It is goaltending to touch the ball outside the cylinder during a free throw, regardless of whether the free throw is on its upward or downward flight.
- c. When the ball contacts the backboard and any part of the ball is above the rim during a field goal attempt, it is considered to be on its downward flight. In such a case, it is goaltending when the ball is touched by a player as long as it has a possibility of entering the basket.

Section 18. Basket-Interference and Goaltending Penalties

Art. 1. When the violation is at the basket of the opponent of the offending player, the offended team shall be awarded:

- b. Two points when it occurs during a two-point field-goal try.
- c. Three points when it occurs during a three-point field-goal try.

Art. 2. The crediting of the score resulting from basket interference or goaltending and subsequent throw-in procedure shall be the same as when the awarded score results from the ball going through the basket, except that the official shall hand/bounce the ball to a player of the team entitled to the throw-in.

Art. 3. When the violation is at a team's own basket, no points shall be scored and the ball shall be awarded to the offended team at a designated spot nearest to where the violation occurred.

Art. 4. When the violation results from touching the ball while it is in the basket after entering from below, no points shall be scored and the ball shall be awarded to the opponent at a designated spot nearest to where the violation occurred.

Art. 5. When there is a violation by both teams, play shall be resumed by awarding the ball to the team entitled to the alternating-possession throw-in at a designated spot nearest to where the violation occurred.

Art. 11. When a dribbler has obtained a straight-line path, the dribbler may not be bumped, pushed or otherwise crowded out of that path. When an opponent is able

When illegal contact occurs within this Restricted Area, such contact shall be called a blocking foul, unless the contact is a flagrant foul.

Section 5. Suspensions for Fighting

Art. 3. When, during a confrontation, an individual attempts to strike another individual with any of the actions defined in Art. 2, whether there is contact is irrelevant. The perpetrator shall be deemed to have been involved in a fight.

Art. 4. When, during a confrontation, an individual uses unsportsmanlike acts or comments which, in the opinion of the official, provoke the other individual to retaliate by fighting, it shall be ruled that both individuals have been involved in the fight.

Art. 5. When a physical confrontation has occurred, the officials shall determine the individuals who were involved in the fight or left the bench area to participate.

Art. 6. A combative confrontation may occur when the ball is live, in which case, it is a flagrant 2 personal foul; or when the ball is dead, in which case a flagrant 2 technical foul shall be assessed.

Art. 7. When, during the course of play (live ball), an individual strikes an opponent with the hand, elbow, arm, foot, knee or leg in a nonconfrontational manner but the act is not only excessive but also severe or extreme, it shall be ruled as a flagrant 2 personal foul and not a fighting action. When a defined body part is used to strike an opponent but the contact is not severe or extreme, a judgment shall be made by the official as to whether the contact is a flagrant 1 personal foul.

Art. 8. Anytime an individual uses a closed fist in an unsportsmanlike manner, it shall be deemed that the individual has initiated a fighting act and shall be penalized accordingly.

Art. 9. When any flagrant 2 foul is ruled to be a fight, the fighting penalty shall be invoked.

Art. 10. Any team member or bench personnel who participates in a fight (regardless of whether he is a player at the time) shall be assessed a flagrant 2 technical foul. No free throws shall be attempted by either team when there are double flagrant fouls that are offsetting.

Art. 12. When an individual participates in a second fight during the same season, that individual shall be suspended for the remainder of the season, including tournament competition.

Art. 13. When an individual participates in a fight during his team's final game of the season, that individual shall be suspended from participating in the team's next regular-season game (not an exhibition contest) for which that team member or team personnel would be eligible.

Art. 14. When an individual with eligibility for the next season participates in a fight during his final game of the season and that fight is the individual's second fight of the season, that individual shall be suspended for the first three regular-season games (not exhibitions) of the next season.

Art. 15. Any team member or other bench personnel under suspension for fighting shall not be in the team's bench area.

Art. 16. The referee may declare a forfeit when any individual fails to comply with any part of the penalties of this rule.

Art. 17. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but cannot change an official's ruling that a fight took place or lessen the severity of the penalty. The conference office or assigning authority may make those penalties more severe.

RULE 11

Instant Replay

Section 1. Games with Replay/Television Equipment

Art. 1. Courtside replay equipment, videotape or television monitoring must be located on a designated courtside table (i.e., within approximately 3 to 12 feet of the playing court), in order to be used by game officials. An on-screen game clock display on the monitor may be used only when the display is synchronized with the official game clock. In order for an official to change or reverse a call made on the floor, the official must first find that the monitor review reveals by indisputable evidence that the call on the floor was incorrect.

Art. 2. In games with a 10th-of-a-second game clock display and where an official courtside monitor is used, the reading of zeros on the game clock is to be used to determine whether a try for goal, a shot-clock violation or a foul occurred before or after the expiration of time in any period. When the game clock is not visible, the officials shall verify the original call with the use of the red/LED light(s). When the red/LED light(s) are not visible, the sounding of the game-clock horn shall be utilized. When definitive information is unattainable with the use of the monitor, the original call stands.

Art. 3. The officials shall not use such available equipment for judgment calls such as:

- a. Determine whether a foul occurred. (*Exceptions: A flagrant 2 foul.*)
- b. Determine whether basket interference or goaltending occurred.
- c. Determine whether a violation occurred except in 11-2.1.e and 11-3.1.a.2.

Section 2. Instant Replay—Voluntary Use (Except Where Noted)

Art 1. Officials may use such available equipment only in the following situations:

- a. Free Throws.
 1. Determine who shall attempt a free throw(s) when there is uncertainty.
 2. Determine whether a player who was fouled on his unsuccessful field-goal try, at or near the three-point line, shall attempt either two or three free throws.
 3. Determine whether the wrong player was permitted to attempt a free throw as per 2-12.1.c.
 4. Determine whether a player was permitted to attempt a free throw at the wrong basket as per 2-12.1.d.
- b. Scoring.
 1. Determine whether a try for goal was a two- or three-point attempt. Prior to the expiration of the statute of limitations prescribed by Rule 2-12.3, the officials must recognize a potential correctable error and

signal to the scorer that an instant replay review is required. This review shall take place at the next electronic-media timeout except during the last 4 minutes of the second period or the entire overtime period(s) during which time the correctable error time frame in Rule 2-12.3 must be used.

2. Prevent or rectify a scoring mistake by the scorer.
 3. Determine whether a score was erroneously counted or canceled as per 2-12.1.e.
- c. Timing.
1. Determine whether the game clock malfunctioned or whether a timing mistake occurred in starting or stopping the game clock. :
 - a. After the malfunction or mistake, such a mistake shall be corrected:
 1. During the first dead ball and before the ball is touched inbounds or out of bounds by a player other than a thrower-in.
 2. When the clock should have been continuously running, the mistake shall be corrected before the second live ball is touched inbounds or out of bounds by a player other than a thrower-in.
 - b. No timing mistake correction shall be carried over from one half or extra period to another. Such a mistake shall be corrected before the start of intermission.
 - c. Determine the correct time to be placed back on the game clock when the referee blows the whistle, signals for the game clock to be stopped, and in his judgment time has elapsed before the game clock stopped. On an out of bounds violation, the official shall determine the elapsed time before the game clock stopped from the time the ball actually hit out of bounds.
 2. Determine whether the shot clock malfunctioned or a timing mistake occurred in failing to properly start, stop, set or reset the shot clock. The malfunction or mistake may only be corrected in the shot clock period in which it occurred. Any activity after the mistake or malfunction has been committed and until it has been rectified shall be canceled, excluding a flagrant 1 or 2 personal foul or any technical foul.
- d. Fouls.
1. After a call has been made, determine if a flagrant 2 personal foul or flagrant 2 contact technical foul occurred. When it is determined that a flagrant 2 personal or flagrant 2 contact technical foul did not occur but a flagrant 1 personal foul or contact dead ball technical foul or common foul did occur, those fouls shall be penalized accordingly. However, no other infractions may be penalized. When the review discloses, by indisputable evidence, that there was no foul, the foul call shall be reversed with no foul charged.
 - a. When there is a foul called for contact, the officials, with a plausible reason, may review the severity of that foul during the dead ball period following the call. When the ball becomes live, there shall be no review of the made call.

2. When officials err and fail to observe the fouls according to 11-2.1.d.1 (this shall not include a common foul) or a fight, they are permitted to correct and penalize these infraction(s), with the use of a monitor review, when the act occurs:
 - a. When the game clock was stopped, it must be corrected:
 1. During the first dead ball after the clock was properly started.
 - b. When the game clock was running, it must be corrected:
 1. During the first dead ball after the clock was properly stopped; or
 2. Before the second live ball when the ball became dead after a successful goal but the clock continued to run.
3. When it is determined that a flagrant 1 or 2 personal foul, a flagrant 2 contact technical foul or a fight did occur within the prescribed time frame, the infraction(s) should be penalized and play shall be resumed by awarding the ball to the offended team where the stoppage of play occurred to review the flagrant act. When a flagrant 2 contact technical foul or a contact dead ball technical foul is assessed, play shall be resumed by awarding the ball to the offended team at the division line on either side of the playing court. Any previous activity before the monitor review shall not be canceled or nullified. When it is determined that a flagrant 1 or 2 personal foul, a flagrant 2 contact technical foul or a fight did not occur within the prescribed time frame, play shall be resumed where the stoppage of play occurred to review the act.
4. A coach may request a monitor review to determine if any flagrant 2 contact foul occurred. When a flagrant 1 or 2 contact foul or contact dead ball technical foul is not assessed, a timeout shall be charged to that team.
5. After a foul has been called, to determine on whom a foul is to be charged when there is uncertainty.
- e. Violations.

In the last two minutes of the second period and overtime(s), to determine the following:

 1. Whether a shot clock violation occurred.
 2. Which team caused the ball to go out of bounds when there is a deflection involving two or more players.

Section 3. Instant Replay—Mandatory Use

Art. 1. Officials shall use such available equipment in the following situations:

- a. When there is a reading of zeros on the game clock at the end of any period, after making a call on the playing court, and when necessary to determine the outcome of the game in the following situations:
 1. Determine whether a try for field goal entering the basket was released before the reading of zeros on the game clock. When it is determined that the try for goal was successful, the official is permitted to put the exact time back on the game clock as to when the ball passed through the net.
 2. Determine whether a shot-clock violation occurred before the reading of zeros on the game clock.

3. Determine whether a foul occurred before the reading of zeros on the game clock. When it is determined that the foul occurred before the reading of zeros on the game clock, the official is permitted to put the exact time back on the game clock as to when the foul was committed.
- b. To determine whether a fight occurred and the individuals who participated or left the bench area.

Appendix I

Fight-Reporting Procedures

The following apply to situations in which a fight has been reported by an official during his jurisdiction. When a fight is not reported by an official, the conference or assigning authority may invoke its own penalty. For the rules on suspensions for fighting see Rule 10-5.

1. The official shall inform the offender(s), the head coach and the official scorer that an ejection for fighting has occurred (the official scorer shall note this in the scorebook).
2. After the game, the referee shall contact the coordinator of officials/assignor for the game and report all ejection(s) for fighting.
3. The coordinator of officials/assignor shall report the ejection(s) for fighting to the conference commissioner or, if the offender is from an independent institution, to that team's athletics director.
4. The conference commissioner shall call and follow up in writing to the following people:
 - a. The athletics director of the team whose individual(s) was involved; and
 - b. When the opponent's individual(s) was ejected for fighting, that team's conference commissioner or, when that school is an independent institution, that team's athletics director.
5. Fight-reporting procedures should be handled quickly since the long-term participation of the offender(s) shall be affected by a second fight.
6. Related considerations:
 - a. The head coach should withhold the offender(s) from the next scheduled game even if the conference or athletics director has not contacted him or her.
 - b. Institutional and conference policy dictates whether a suspended individual shall be permitted to attend a game from which he or she is suspended. If the individual(s) attends the game, he or she shall not be in the team's bench area.
 - c. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but can neither change an official's ruling that a fight took place nor lessen the severity of the penalty. However, the conference office/assigning authority may make the penalty more severe.

NCAA Tobacco Policy

In accordance with NCAA bylaws, the use of tobacco by student-athletes, or team or game personnel (e.g., coaches, athletic trainers, managers and game officials) is prohibited in all sports during practice and competition.

Any student-athlete, or team or game personnel who uses tobacco during practice or competition shall be disqualified for the remainder of that practice or competition.

During regular-season play, each institution shall be responsible for enforcing this rule for its own student-athletes, team personnel and game personnel. During postseason play, which includes conference tournaments, play-ins and NCAA tournament games, the governing sports authority or the games committee shall enforce this rule.

Appendix III

Officiating Guidelines

Section 1. Bench Decorum

a. **Unsportsmanlike Conduct.** Coaches and bench personnel are expected to adhere to the specific rule set forth in Rule 10-3.2. Repeated or prolonged violations of these rules should result in a technical foul being assessed against the coach or other bench personnel. More egregious conduct violations, while inside or outside the coaching box, should be properly and consistently penalized with a technical foul without warning.

Examples of egregious conduct violations include, but are not limited to, the following:

1. Comments directed at or referring to any game official that question the integrity of an official (i.e., repeated references to the number of fouls called against each team; suggesting an official is “cheating” a team, etc.).
2. Profane, vulgar, threatening or derogatory remarks or personal comments relating to race, ethnicity, religion, gender or sexual orientation directed at or referring to any game official or opposing player/bench personnel.
3. Prolonged, negative responses to a call/no-call which is disrespectful or unprofessional and includes, but is not limited to: thrashing the arms in disgust, dramatizing contact by re-enacting the play, or running or jumping in disbelief over a call/no-call.
4. A negative response to a call/no-call including, but not limited to, approaching/charging an official in a hostile, aggressive or otherwise threatening manner, emphatically removing one’s coat in response to a call/no-call or throwing equipment or clothing on to the floor.
5. Continual criticism during a game regarding the same incident after warning by an official.

Officials should permit certain behavior by the head coach who engages in spontaneous reactions to officiating calls and no-calls provided the coach remains in the coaching box and the reaction is not prolonged, profane, vulgar or threatening. At the official’s discretion, repeated spontaneous reactions by the head coach may result in a warning with subsequent incidents resulting in a technical foul. In all cases, the official should consider whether the complaint was heard by persons other than the official and whether the complaint was directed toward the call/no-call or was a personal attack on the official. When complaints become more public or the attacks personal to the official, there should be less discretion exercised by the official.

b. **Coaching box.** Failure to comply with the rule results in a distinct advantage that is not within the spirit and intent of the rules. The rule is clear and concise. The head coach or any other bench personnel may not be outside the prescribed

coaching box except when otherwise permitted by rule. After a warning, for the first violation, a technical foul should be assessed for any subsequent infraction.

c. **Assistant coaches and bench personnel.** All bench personnel, with the exception of the head coach, are required to be seated on the bench while the ball is live except to react spontaneously to an outstanding play and then to immediately return to sitting on the bench. Violations by players, especially assistant coaches, should not be tolerated by officials. When assistant coaches or bench personnel are violating bench decorum rules in a minor way, the official shall inform the head coach and request that he handle the situation. This is an official warning. Any further violation by bench personnel shall result in a technical foul assessed to the offender. Egregious (blatant) conduct violations by assistant coaches or bench personnel need no warning and shall immediately result in a technical foul. A technical foul assessed to bench personnel is also assessed as a CLASS B technical foul to the head coach.

Section 2. Screening

A screen is legal action by any player with or without the ball, which, without causing contact, delays or prevents an opponent from reaching a desired position. A screener must maintain a normal stance with feet no wider than shoulder width apart. If a player is engaged in illegal screening tactics and there is no contact with the opponent, no foul has occurred. Players must adhere to the screening rules outlined in Rule 4-34.

A foul shall be called when:

1. A defensive player is held or pushed off of his intended path around a screen by use of the arms, legs or body.
2. A defensive player holds or pushes through the screen using the arms, legs or body.
3. The screener extends the hips or buttocks to displace the defender who is attempting to move around the screen.
4. The screener extends the legs beyond legal width and trips a defender who is attempting to move around the screen.
5. The screener sets a “blind” screen (outside the visual field) on a stationary defender that doesn’t allow the defender a normal step to move.
6. The screener sets a “blind” screen (outside the visual field) on a moving defender and doesn’t allow ample time to stop or change directions; usually one to two strides.

Section 4. Post Play

Some guidelines to officials in making correct, consistent calls in low-post play:

- a. Observe the entire play, especially when responsible for off-ball coverage.
- b. Anticipate the play but not the call when post players are in fronting situations.
- c. A defensive player pushing a leg or knee into the rear of the offensive player shall be a personal foul on the defender.
- d. An offensive player dislodging a defensive player from an established position by pushing or backing in shall be a personal foul on the offensive player.

- e. A player using the “swim stroke” arm movement to lower the arm of an opponent shall be charged with a personal foul.
- f. Post players using hands, forearms or elbows to prevent an opponent from maintaining a legal position shall be charged with a personal foul.
- g. A defensive post player may use a forearm on the back of an offensive post player who does not have the ball as long as equal pressure is being applied and there is no dislodging by either player. When the offensive player gains possession of the ball, the defensive post player must remove hands and forearms from the offensive player or a personal foul shall be charged.

Section 5. Hand-Checking (Impeding the Progress of a Player)

To curtail hand-checking, officials must address it at the beginning of the game, and related personal fouls must be called consistently throughout the game. Some guidelines for officials to use when officiating hand-checking:

- a. When a defensive player keeps a hand or forearm on an opponent, it is a personal foul.
- b. When a defensive player puts two hands on an opponent, it is a personal foul.
- c. When a defensive player continually jabs by extending his arm(s) and placing a hand or forearm on the opponent, it is a personal foul.
- d. When a defensive player uses an arm bar to impede the progress of a dribbler, it is a personal foul.

When using THREE electronic-media timeouts - they occur after the 15-, 10- and 5-minute marks, depending on the media agreement. When using FOUR electronic-media timeouts, they occur after the 16-, 12-, 8- and 4-minute marks. The first timeout called by either team in this half only shall become a media timeout and shall not replace the first media timeout. It shall be 75 seconds or the length determined by media agreement. Neither team's 60-second timeout can be extended by media agreement.	The first team-called timeout in each period may become a media timeout, if that is part of the media agreement.

Concussions

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage, and even death.

Recognize and Refer: To help recognize a concussion, watch for the following two events among your student-athletes during both meets and practices:

1. A forceful blow to the head or body that results in rapid movement of the head.

-AND-

2. Any change in the student-athlete’s behavior, thinking, or physical functioning (see signs and symptoms).

SIGNS AND SYMPTOMS

Signs Observed by Coaching Staff

- Appears dazed or stunned.
- Is unsure of score or opponent.
- Moves clumsily.
- Answers questions slowly.
- Loses consciousness (even briefly).
- Shows behavior or personality changes.
- Can’t recall events before hit or fall.
- Can’t recall events after hit or fall.

Symptoms Reported by Student-Athlete

- Headache or “pressure” in head.
- Nausea or vomiting.
- Balance problems or dizziness.
- Double or blurry vision.
- Sensitivity to light.
- Sensitivity to noise.
- Feeling sluggish, hazy, foggy or groggy.
- Concentration or memory problems.
- Confusion.
- Does not “feel right.”

An athlete who exhibits signs, symptoms, or behaviors consistent with a concussion, either at rest or during exertion, should be **removed immediately from practice or competition** and should not return to play until cleared by an appropriate health care professional.

IF A CONCUSSION IS SUSPECTED:

1. **Remove the student-athlete from play.** Look for the signs and symptoms of concussion if your student-athlete has experienced a blow to the head. Do not allow the student-athlete to just “shake it off.” Each individual athlete will respond to concussions differently.
2. **Ensure that the student-athlete is evaluated right away by an appropriate health care professional.** Do not try to judge the severity of the injury yourself. Immediately refer the student-athlete to the appropriate athletics

medical staff, such as a certified athletic trainer, team physician or health care professional experienced in concussion evaluation and management.

3. **Allow the student-athlete to return to play only with permission from a health care professional with experience in evaluating for concussion.** Allow athletics medical staff to rely on their clinical skills and protocols in evaluating the athlete to establish the appropriate time to return to play. A return-to-action progression should occur in an individualized, step-wise fashion with gradual increments in physical exertion and risk of contact. Follow your institution's physician supervised concussion management protocol.
4. **Develop a game plan.** Student-athletes should not return to play until cleared by the appropriate athletics medical staff. In fact, as concussion management continues to evolve with new science, the care is becoming more conservative and return-to-play time frames are getting longer. Coaches should have a game plan that accounts for student-athletes to be out for at least the remainder of the day.
