Harvard Chan Bioinformatics Core
presents:

An Introduction to R and R Graphics Workshop

For HMS-affiliated researchers in the Basic and Social Science Departments on the Quad and the Harvard NeuroDiscovery Center

This workshop will be taught by Ista Zahn from the **Harvard Institute for Quantitative Social Science** (IQSS). It will provide a basic introduction to R, the open-source platform for statistical computation and graphics, with a focus on the ggplot2 graphical display package.

The workshop will cover:

- *Introduction to importing and managing datasets*
- *Basic statistical analyses and common graphical displays*
- *Basics of graphing with the ggplot2 graphics package*

No previous experience with R required.

June 26th, 2015

Register at: **https://r-ggplot-2015.eventbrite.com**

Registration is now open
