Office for Human Resources**

**Reappointment of Annual Appointment Process (RAAP) for Academic Non Faculty: due by May 14, 2018**

Non-faculty academic titles are considered annual appointments and as such need to be reviewed each year for reappointment by July 1. This MARS report is specifically designed to expedite the processing of the large volume of annual academic reappointments that typically end on June 30.

- ✓ Research Associates, Associates
- ✓ Research Fellows
- ✓ Clinical Fellows

This **Review of Annual Appointments Non-Faculty Academic report**, located on the MARS system, is specifically designed to expedite the processing of the large volume of Instructor and Lecturer reappointments that typically end on June 30. The data presented in the RAAP output serves 3 purposes:

- 1) To collect information for those appointees to be reappointed for the new academic year beginning July 1.
- 2) To collect termination information for those appointees who have left or will be leaving.
- 3) To enable Human Resources to use the same spreadsheet downloaded from MARS to upload into Harvard's PeopleSoft system.

For MARS access please contact Jennifer Galbraith Ryan at [jennifer\\_ryan@hms.harvard.edu](mailto:jennifer_ryan@hms.harvard.edu)

**The RAAP reports must be completed and sent as an Excel file by May 14, 2018.** Send the completed RAAP files using the naming convention DEPARTMENT NAME.LOCATION.FELLOWS via email to your HR Transaction Coordinators with a *cc* to your appointing department head. ***Please be advised that your cc of the appointing department head constitutes his/her approval of the reappointments included on the spreadsheet.*** Without this *cc* we cannot process these reappointments.

**Accessing the RAAP Report**

**Accessing RAAP on MARS :**

MARS (Medical Area Reporting System) can be accessed via this [direct link](#) or from the Applications box on the [eCommons](#) home page, after log in.

1. Once on MARS click on the MAIN MENU in the crimson banner at the left hand top of the page.

2. On the next screen you will see the link for HR PeopleView and HR Reports on the right. Click on HR Reports.
3. Click on EMPLOYEE and JOB LISTS.
4. Click on **Review of Annual Appointments Non-Faculty Academic**.

## Running the RAAP Report

### Running the RAAP for Non Faculty Academics

RAAP is designed to report out any non faculty academic appointment (fellow, research associate, etc.) with an end date between your run date and December 31 of the current calendar year.

The screenshot shows the MARS Medical Area Reporting System interface. On the left is a navigation menu with options: Home, PeopleView, HR Reports (selected), Employees and Jobs List, and Compensation. The main header reads "MARS Medical Area Reporting System" and "Review of Annual Appointments Non-Faculty Academic Search". The search area contains three dropdown menus: Department, Division, and Job location. The Department dropdown is open, showing a list of departments including Academic Programs (100085), Academic and Clinical Programs (100028), Academic and Research Integrity (100049), Adelstein Lab (100062), Administration-HMS (100148), Alumni Affairs and Development (100105), Anaesthesia-Beth Israel Deaconess (100147), Anaesthesia-Boston Children's Hospital (100139), and Anaesthesia-Brigham and Women's Hospital (100156). Below the dropdowns are "Search" and "Reset" buttons. Annotations with arrows point to the Department dropdown and the Search button.

**Step 1: Select your department from the drop down list.**

The report may also be run by division if your department has reported division data to us

The report may also be run for a specific location

**Click Search**

The screenshot shows the MARS Medical Area Reporting System interface. The main title is "MARS Medical Area Reporting System" and the subtitle is "Review of Annual Appointments Non-Faculty Aca". The left sidebar contains navigation options: Home, PeopleView, HR Reports (expanded), Employees and Jobs List, and Compensation. The main content area features a search bar and an "Actions" dropdown menu. The menu is open, showing options: Select Columns, Filter, Rows Per Page, Format, Save Report, Reset, and Download. The "Format" option is highlighted with a red arrow pointing to it from the text "You may change the format of the report." Below the menu, a table displays appointment data with columns: Employee ID, Empl Rcd, Effective Dt, Action, and Action Reason. The table contains three rows of data, all with "HIR" as the action and reason. The "Download" option in the menu is also highlighted with a red arrow pointing to it from the text "Once finished, click Download."

**Step 2: Download the Report**

**\*\*Important change from previous years- reports will download as a .csv file\*\***

**You may change the format of the report.**

**Once finished, click **Download**.**

The screenshot shows the same MARS Medical Area Reporting System interface, but with a "Download" pop-up window open. The window has a red header and a close button (X). It contains the text "Choose report download format:" followed by a list of options. The "CSV" option is selected, indicated by a red arrow pointing to it from the text "In the pop up window, select the csv download." Below the list is a "Cancel" button.

**In the **pop up window**, select the **csv** download.**

---

### **Step 3: Save your RAAP file to your computer as an EXCEL spreadsheet**

When MARS has completed the RAAP file you may see a dialog box asking to open or save the file.

Save to your computer using the following naming convention:

DEPARTMENT NAME.LOCATION.FELLOWS:

Examples:

Medicine.BWH.fellows.xlsx

CellBiology.HMS.fellows.xlsx

#### ***Please Note:***

You should receive a warning if attempting to save as a .csv. Please save as .xlsx (this may not be the default depending on your computer's operating system).

## Collecting the Data

The RAAP spreadsheet will list all current non faculty academic appointment (fellow, research associate, etc) that have an end date between the day you run the report and December 31 of the current calendar year. The vast majority will be June 30<sup>th</sup> end dates.

Use the spreadsheet to identify reappointments, terminations, record the new information required for Instructors, and to submit to HR for action.

During Formatting or after download, you may sort your Excel spreadsheet by Job Code Description, Location, or any other sort that will assist you in completing the process. You may also expand the columns width and wrap column headings. It may be helpful to hide columns you will not be entering data into.

**Do not delete or move any of the columns. It is also important not to change any data in columns A through T. If any data are changed in these columns, we will not be able to upload your reappointments or terminations into PeopleSoft.** Changes to information in those columns, such as title, location, etc., must be done via eTad. However, you may use column Z for any comments or special instructions you wish to communicate.

In this sample, we have expanded the columns and wrapped the headings, and have sorted by Job Code Description (the short title) and then by last name for ease of use:

**To Reappoint:**

1. Do not delete or change any data in columns A through T. Column X is not applicable to this process.
2. Enter the New Appointment End Date in column W.

**Helpful Hints:**

- ✓ For Clinical Fellows enrolled in a residency program the appointment end date should be the end date of their residency.
- ✓ If someone is in the process of being promoted, reappoint so they remain active during the promotion process.

**To Terminate:**

**Timely reporting of faculty and appointees who have left Harvard is very important as many other business processes, such as Conflict of Interest, rely on this information.**

- 1) Enter in the effective date of the termination in the 'New Effective Date' column **U**.  
 Example:
  - o If an appointee is due to leave on June 30 fill in 07/01/2018 in the 'New Effective Date' column **U**.
  - o If an appointee is due to leave on September 14 fill in 9/15/2018 in the 'New Effective Date' column **U**.
  
- 2) If an appointee has left or will be leaving the Hospital/HMS enter the 3 character reason code in column **V**.
  - o **VNO** if the person has Resigned, Quit, or Other reason
  - o **RET** if the appointee has Retired
  - o **DEA** if the appointee is Deceased

**The sample below shows both the reappointments and the terminations completed.**
