

HMS Core Facilities Poster Session

An Introduction to Services, Facilities and Shared Equipment

Sponsored by the HMS Tools and Technology Program (TnT)

Tuesday, October 28, 2014

3:30 - 5:00pm

**Joseph B. Martin Conference Center
2nd Floor Lounge**

-Facilities Represented Include-

Analytical Chem Core • Biopolymers NextGen Sequencing Facility • Center for Macromolecular Interactions
DF/HCC DNA Resource Core • DFCI Confocal and Light Microscopy • Drosophila RNAi Screening Center
East Quad Nuclear Magnetic Resonance Facility • Genome Engineering Production Group
Harvard Center for Biological imaging • HSCRB Histology Core • Harvard Stem Cell Institute iPS Core
Harvard X-Ray Laboratory • HMS Electron Microscopy Facility • HMS Microfluidics Core • HMS Mouse Imaging
HMS Research Instrumentation Core Facility • HNDC Advanced Tissue Resource Core
HNDC Enhanced Neuroimaging Core • HNDC NeuroBehavior Laboratory • HSPH Bioinformatics Core
ICCB-Longwood • Image and Data Analysis Core • Imaging Solutions for Scientific Communication
Immunology Division Flow Cytometry Facility • Longwood Medical Area CyTOF Core Facility
Neurobiology Imaging Facility • Nikon Imaging Center • SBGrid Computing Core
Systems Biology Flow Cytometry Facility • Taplin Mass Spectrometry Facility • The eagle-i project @ Harvard Catalyst
The Institute for Quantitative Social Science • Thermo Fisher Center for Multiplexed Proteomics
